Notice

All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, or for which admission is charged, will be charged for at the rate of ten cents a line.

NEW JERSEY'S DISGRACE AND THOSE RESPONSIBLE FOR IT

Governor Edwards signed the Barren 150 Per Cent. bill on Tuesday thus enacting into law the measure which the wets are hoping will soon enable the sale of beer to be resumed in New Jersey.
By a vote of 12 to 9 in the most exciting session the Senate has had in years the Barren bill was adopted, on Monday night. The wets were charged the House last week. It went at once to the Governor, who said he would sign it next day. He kept his promise. The vote was as follows:
For passage of bill, 12—Republican, Mackay, Pilgrim, Smith, Stevens, B. H. White, C. D. White.
Against passage of bill, 9—Republican, Allen, Bright, Case, Haaga, Democrats, Reeves, Runyon, Sturges, Whitney. Democrat, 0.
D. A. R. ELECTS OFFICERS
The Annis Stockton Chapter, Daughters of American Revolution, met at the home of Mrs. Frank White, Burlington, on Monday, and elected the following officers: Regent, Mrs. Abby Holman, Mount Holly; Vice Regent, Mrs. H. H. Murray, Riverton; Recording secretary, Mrs. Anna Blackburn, Palmyra; Corresponding secretary, Mrs. Margaret M. Williams, Riverton; Treasurer, Mrs. F. C. Pirih, Burlington; Historian, Mrs. Anna David, Riverton; Registrar, Mrs. Doris Baird, Beverly; Chaplain, Mrs. William Bugger, Beverly. Mrs. Baird was appointed delegate to the national convention to be held in Washington in April, with Mrs. Murray as alternate.

TRUST STAMP WEEK

This has been Trust Stamp Week in the school, and the matter was brought to the attention of the pupils by having them prepare essays, make addresses and otherwise consider the matter.

Navy Blacksmith Shop

The New Jersey State Firemen's Association was organized about forty years ago, and has been of incalculable benefit to the citizens of the State in the matter of improving facilities for fire protection. It was largely through the advice and encouragement of the State Association that fire companies in small towns acquired motor apparatus, which has made possible the fire some system by which every town can call on a number of nearby towns, whose apparatus can be brought into action quickly. Thus, Riverton in case of a serious fire needing more assistance than can be given by the Palmyra company, can call on Riverton, Beverly and Moorestown. Riverton, in turn, is at the call of any of these towns. The State Association was organized through the efforts of General Burd W. Spencer, who has been president of the association from the beginning, and there is a movement afoot to present the General with some fitting token of appreciation with some fitting token of appreciation of his services.

High School Pupils Make Poor Showing

The work of some of the Riverton pupils attending the high school at Palmyra, as revealed by the report of the supervisor, caused some pretty caustic comment at the meeting of the Riverton school board Monday night. Tardiness, absence and indifference was charged against several of the Riverton pupils. Forty-two tardy marks were charged during the month and 118 1/2 days' absence. There were 12 marks of 60, four complete failures in studies, one mark of 40 and one mark of 10. There were 31 marks "absent from class too much to be given a mark." One was marked "very poor work," and two, "hard to teach." There is a strong feeling on the part of the members of the board that if the good money of the taxpayers of Riverton is to be spent to the benefit of the high school education of these pupils, some way should be found to insure proper use being made of the facilities afforded.

Original "Uncle Sam"

During the revolutionary war there was a man by the name of Samuel Wilson, who was engaged as an inspector of provisions. He was known by his friends as "Uncle Sam." In his work he stamped inspected goods "U. S.", which initials happened to stand for his nickname as well as his government. Thus the two became identical. Uncle Sam as an old man with whiskers was taken from Samuel Wilson.—Exchange.

Elms

No natural Gothic arch compares with that formed by two American elms, where their lofty jets of foliage sweep each other's ascending curves, to intermingle their shaggy flakes of green. When one looks through a long double row of these, he beholds a temple not built with hands, fairer than any minister, with all its clustered stems and fluttering capitals, that ever grew in stone.—Holmes.

UNCLAIMED LETTERS

List of unclaimed letters remaining in the Riverton Post Office Wednesday, March 3, 1920:
Domestic Letters—Hampton, Miss Ruth; Nicholson, Mrs. J. W.; Ross, Mrs. J.; Willis, S. A. (2); Wisner, Mr. and Mrs. P. L.; Brown, Mr. P.; Cobin, Miss Mary Alice; Crown, Miss Lolla; Edden, Mrs. L.; Hubbard, Mrs. Ida; Rich, L. E.

H. G. STONAKER, Postmaster

NOTICE

To Whom It May Concern:
Take notice that on twentieth day of March, 1920, at the hour of 12:30 o'clock in the afternoon on the said day, I will sell at public auction, in the Cylindesdale Automobile, Model No. 90, at my factory on 7th street above Main street, Riverton, N. J. Seized as the property of James D. Williamson, under and by virtue of an act entitled "Act for the better protection of Garage keepers and Automobile repairmen." P. L. 1915, Section 556.
Dated March 1st, 1920.
CHARLES T. WOOLSTON.

DRINK MILK AND ESCAPE THE FLU

It is well known that children who have plenty of milk to drink every day are seldom ill. They have good complexions and have an abundant supply of energy. They grow and thrive and are happy. Milk ranks first among the protective foods used by man. The health of the race depends on a generous milk supply. To children and all young persons who have not reached maturity it is the most valuable of all foods in promoting growth. It contains the protein and lime so essential to body building. Milk-fed children never suffer from scurvy.

DEATHS

Mahlon C. Faust died on Wednesday, and will be buried on Saturday. The funeral services will be at 2 o'clock at his late residence, at Dresser's Nurseries, conducted by Dr. N. F. Stahl, Internment will be made in Morgan Cemetery. Undertaker John E. Morton in charge.

Card of Thanks

Mrs. Mary Truax desires to express her appreciation for the sympathy and assistance extended in her recent bereavement and to thank those who sent her to the funeral.

Card of Thanks

Mr. and Mrs. W. E. Wedemann desire to publicly thank the members of both the Riverton and Palmyra fire companies for their prompt and very efficient services at the fire which partially destroyed their home last week, and to express their appreciation of the assistance given by kind friends and neighbors in removing the furniture, much of which was thereby saved.—Adv.

Kindhearted Farmers

One day a city cousin came to the farm and when she saw the windmill said: "Oh, see how good the farmers are to the pigs; they have electric fans to keep them cool."

DRINK MILK AND ESCAPE THE FLU

Edward H. Flag, Jr., a former mayor of Riverton and now occupying a clerical post with the Shipping Board at Philadelphia, has sent out letters to residents of Riverton, N. J., announcing his candidacy for the Republican nomination for Sheriff next fall. He was a candidate and the runner-up in the shrievalty race three years ago.

PORCH CLUB

The meeting on Tuesday, March 3, at 7 p. m., will be in the porch of the suffrage section. Miss Helen Lippincott will give a report on the Chicago convention, with special reference to the new League of Women Voters. Music by Miss Anna James.

Carpenters' Wage to Advance

A meeting of the master builders was held in Stecher's Hall, Riverton, on Monday evening, March 1, to consider the question of the wages to be paid the journeymen carpenters for the ensuing year, beginning with May 1. The following persons were present: Hunt Miller, Louis F. Lowden, Joseph Hammel, George W. Shaner, Joseph Coulter, George Schele, Steward Himes, Curtis E. Slavery.

A resolution was offered fixing the price at 80 cents the hour, with the privilege of working nine hours per day at the same rate per hour from May until November. The secretary was instructed to communicate with the Burlington, Moorestown and Riverside Unions, notifying them of the action taken at that meeting.—Adv.

Card of Thanks

Mrs. Mary Truax desires to express her appreciation for the sympathy and assistance extended in her recent bereavement and to thank those who sent her to the funeral.

Card of Thanks

Mr. and Mrs. W. E. Wedemann desire to publicly thank the members of both the Riverton and Palmyra fire companies for their prompt and very efficient services at the fire which partially destroyed their home last week, and to express their appreciation of the assistance given by kind friends and neighbors in removing the furniture, much of which was thereby saved.—Adv.

Kindhearted Farmers

One day a city cousin came to the farm and when she saw the windmill said: "Oh, see how good the farmers are to the pigs; they have electric fans to keep them cool."

WELDEMANN HOUSE

The Weldemann house on Thomas avenue, which was partially destroyed by fire two weeks ago, is being repaired.

Charles Stonaker and family

of Camden, spent Sunday with his parents, Postmaster and Mrs. H. G. Stonaker, at Riverton.

The new Sterling upright piano

which was purchased for the first time at the Presbytery Sunday School was used Sunday for the first time.

George Strabel, who had three ribs

broken in an accident at the New March 26, unless repaired, is improving.

Mrs. Clarence Jones and family

returned home Wednesday after spending a few days with her parents in Essex Harbor City.

Get my estimate, Reasonable, William J. Kellie, painter and decorator,

709 Cinnaminson street, Riverton. Phone 297-M.—Adv.

The Delaware & Raritan Canal will

open to navigation, on Saturday morning, March 26, unless prevented by weather conditions.

At the Burlington County Hospital

during the month of February, 23 patients were admitted, 17 discharged, 3 died and 15 remained.

Mrs. O. J. Scott has accepted the

chairmanship of the women's committee in Riverton for the drive to obtain funds for the Near East Relief.

The Burlington County Convention

of the American Legion was held at the Elks' Home, Burlington, N. J., Wednesday evening, February 25.

Miss Hunter, of New Albany, has

purchased the Wyman property on Lippincott avenue, and will reside there. John Melton will take the farm.

Miss Mabel Kraus, of the U. of P.,

Hospital, has taken the place of Miss Jessie West, resigned, as district nurse. Her assistant will be Miss J. H. Miller.

William L. Fichter has resigned his

position with the Prudential Insurance Company, and will open an office for the transaction of a general real estate and fire insurance business, drawing wills, deeds and executing all legal papers.—Adv.

The monthly meeting of the managers

of the Burlington County Hospital yesterday, Miss Margaret Jones, of Moorestown, was elected to the Board of Managers, and Frank W. Thacher, of Edgewater Park, was added to the Board of Council.

From all accounts the behavior of

some of the boys who attended the moving picture exhibit in the public school last Saturday night, merited dramatic action that was not taken. If necessary an officer should be detailed to keep these lads in line.

The new smoke doors for the school

have arrived, and will soon be placed in position. If it is true, as claimed, that these doors will actually add to the peril of the pupils in case of fire, some action should be taken to add such other construction as will overcome this defect, which, it is understood, can be done.

Edward H. Flag, Jr., a former mayor

of Riverton and now occupying a clerical post with the Shipping Board at Philadelphia, has sent out letters to residents of Riverton, N. J., announcing his candidacy for the Republican nomination for Sheriff next fall. He was a candidate and the runner-up in the shrievalty race three years ago.

An Overland six sedan was destroyed

by fire on the pike near Sorrel Hill, Monday night, about 11 o'clock. Several cars passed the flaming machine, but the fire had gained such headway that there was no hope of putting it out and no one cared to run the risk of being injured by a possible explosion of the gasoline tank.

The House of Assembly at Trenton

yesterday by a vote of 49 to 0, passed the committee substitute for the original soldier-bonnie bill. The measure, if finally adopted, will render every service man entitled to \$10 per month for a period of service, the total not to exceed \$100. It is proposed to raise the needed \$12,000,000 by a bond issue.

The Eldredge Daylight Saving Bill,

which aims to revive in New Jersey, the law repealed by Congress last year, was introduced in the House of Assembly on Monday night by a vote of 31 to 23. The victory for the measure came at the close of a long and acrimonious debate in which the representatives of the more populous counties advocated its passage and the rural members opposed it. The bill still has to pass the Senate before going to Governor Edwards, who is expected to sign it if it reaches him.

Last week Camden detectives caught

the man who stole Charles B. Jessup's automobile from in front of a dance hall in Camden on December 12. At the time of his arrest the man was attempting to get away with another car. He confessed to the Jessup robbery and owned up to being a member of an organized band of auto thieves. Another car was stolen at the same time the Jessup car was taken, and both cars were taken to Vinland and disposed of in time for the thieves to return before daylight.

While driving one of the Wall Rope

Works auto trucks to New York last Saturday, Isaac Bell killed another truck driver near New Brunswick. The man was working on his truck by the roadside. When Bell approached he got up and motioned for him to come ahead. Just as Bell's truck reached the man it skidded on the icy road and swung toward the other man, crushing him between the two trucks. He lived in New Brunswick. Soon after the accident happened an automobile came along, and Bell stopped it, asking the occupant where he could find a doctor. It so happened that the man was a doctor, and on examination pronounced the man dead.

Object of Public School.

The public school is "wrongly organized when its main object is to fit for college. It should benefit the many rather than the few."—Phillips.

Navy Blacksmith Shop

The vintage blacksmith shop under the spreading chestnut tree is for rent. The smithy has gone to sea to learn some new tricks of the trade in the U. S. Navy schools.

Blacksmithing is now a highly specialized trade in iron working. Once a man masters it he is sure of a good living for life, either in or out of the service.

A real interest in one's work is as necessary in the Navy schools as in others, but Jack is paid to learn and is sure of his job as long as he wants it, providing he is in earnest.

Original "Uncle Sam"

During the revolutionary war there was a man by the name of Samuel Wilson, who was engaged as an inspector of provisions. He was known by his friends as "Uncle Sam." In his work he stamped inspected goods "U. S.", which initials happened to stand for his nickname as well as his government. Thus the two became identical. Uncle Sam as an old man with whiskers was taken from Samuel Wilson.—Exchange.

Elms

No natural Gothic arch compares with that formed by two American elms, where their lofty jets of foliage sweep each other's ascending curves, to intermingle their shaggy flakes of green. When one looks through a long double row of these, he beholds a temple not built with hands, fairer than any minister, with all its clustered stems and fluttering capitals, that ever grew in stone.—Holmes.

UNCLAIMED LETTERS

List of unclaimed letters remaining in the Riverton Post Office Wednesday, March 3, 1920:
Domestic Letters—Hampton, Miss Ruth; Nicholson, Mrs. J. W.; Ross, Mrs. J.; Willis, S. A. (2); Wisner, Mr. and Mrs. P. L.; Brown, Mr. P.; Cobin, Miss Mary Alice; Crown, Miss Lolla; Edden, Mrs. L.; Hubbard, Mrs. Ida; Rich, L. E.

H. G. STONAKER, Postmaster

NOTICE

To Whom It May Concern:
Take notice that on twentieth day of March, 1920, at the hour of 12:30 o'clock in the afternoon on the said day, I will sell at public auction, in the Cylindesdale Automobile, Model No. 90, at my factory on 7th street above Main street, Riverton, N. J. Seized as the property of James D. Williamson, under and by virtue of an act entitled "Act for the better protection of Garage keepers and Automobile repairmen." P. L. 1915, Section 556.
Dated March 1st, 1920.
CHARLES T. WOOLSTON.

DRINK MILK AND ESCAPE THE FLU

It is well known that children who have plenty of milk to drink every day are seldom ill. They have good complexions and have an abundant supply of energy. They grow and thrive and are happy. Milk ranks first among the protective foods used by man. The health of the race depends on a generous milk supply. To children and all young persons who have not reached maturity it is the most valuable of all foods in promoting growth. It contains the protein and lime so essential to body building. Milk-fed children never suffer from scurvy.

DEATHS

Mahlon C. Faust died on Wednesday, and will be buried on Saturday. The funeral services will be at 2 o'clock at his late residence, at Dresser's Nurseries, conducted by Dr. N. F. Stahl, Internment will be made in Morgan Cemetery. Undertaker John E. Morton in charge.

Card of Thanks

Mrs. Mary Truax desires to express her appreciation for the sympathy and assistance extended in her recent bereavement and to thank those who sent her to the funeral.

Card of Thanks

Mr. and Mrs. W. E. Wedemann desire to publicly thank the members of both the Riverton and Palmyra fire companies for their prompt and very efficient services at the fire which partially destroyed their home last week, and to express their appreciation of the assistance given by kind friends and neighbors in removing the furniture, much of which was thereby saved.—Adv.

Kindhearted Farmers

One day a city cousin came to the farm and when she saw the windmill said: "Oh, see how good the farmers are to the pigs; they have electric fans to keep them cool."

INTERESTING NEWS BITS
in and around Palmyra

FRIDAY, MARCH 5, 1920
Day It At Home.

Mrs. Charles Atkinson is visiting old friends in town.

Mrs. Charles Toy, formerly of Palmyra, called on friends here Wednesday.

Everett Wiggins, who has been seriously ill with diphtheria, is improving.

Mrs. Clyde Ingram, who has been seriously ill with pneumonia, is slowly improving.

Miss Betty Lewis entertained on Friday Miss Marie Kerr, Wizard Holt and Paul Van Sant, of Philadelphia.

Mrs. A. R. Gramer announces the engagement of her daughter, Florence Rebecca, to Mr. Charles Jerome Cusick, of Camden.

Mrs. Elizabeth Aten, who has been confined to her home for three weeks owing to a bad fall on the ice, is able to be about again.

Mr. and Mrs. Walter D. Bates announce the engagement of their daughter, Paula J., to Edward E. Sleet, U. S. Navy pay clerk.

Mr. and Mrs. C. W. Joyce have returned from Trough, S. Carolina where they enjoyed a pleasant climate during our northern winter rigors.

Mr. and Mrs. Charles H. Smyth, of 504 Cinnaminson avenue, announce the marriage of their daughter, Kathryn L., to Lloyd G. Carter, at Elkton, Md., on February 11.

Elmer Stackhouse, formerly of Palmyra, who was killed as the result of a collision between his team and trolley car in Trenton last week, was buried here on Friday.

The Palmyra Knights of Pythias will hold a Ladies' Night next Thursday, March 11. The Palmyra degree team, one of the state's crack organizations, will be present to put on the first rank in dramatic form.

A son was born to Mr. and Mrs. Harry Hirst, of Riverton, on the 29th of February. The lad will have an anniversary only once every four years and he also happens to be the 13th grandchild of Mr. and Mrs. H. N. Hirst, of Palmyra.

Overseer of Roads and Streets T. Winfield Land is about again after having been laid up with pneumonia and complications for over two months. He is taking steps to improve as rapidly as possible the situation brought about by the weather man during his illness.

The Senior class of the high school will give an up-to-date society comedy in three acts, entitled, "A Regular Fright," in P. O. S. of A. Hall on April 15. The play is being coached by George K. Clark, of Riverton, who has met such success in similar affairs lately.

The musical and dance given Tuesday evening in P. O. S. of A. Hall by the Ladies' Auxiliary of the Masonic Association, was a rare success. Splendid talent had been engaged by Mr. Walter E. Smith, who managed the affair, and all the musicians lived up to their advance notices.

Coach Terry of the high school has issued a call for candidates for the track and basketball teams. A basketball carnival will be held next Friday evening, March 12, with the boys wearing girls' uniforms, but the girls it is understood, have been respectively declined the offer of the boys' uniforms.

Idle gossip is blamed for starting reports of various deaths in the community in the last few weeks and several names have been mentioned and their friends and relatives in many cases needlessly worried thereby. A death in this town should be verified before the news is given currency.

George Glanier, Chief Quartermaster of the S. S. Munaires, was home for a few days this week while the vessel was discharging her cargo. Her crew and passengers are on their way back to Cuba. George has many interesting things to tell concerning the Pearl and Anchor, and other islands of our southwestern coast.

Our fellow townsman, Mr. Raymond Warner, has purchased a lot 75 feet front on Morgan avenue near Cleveland avenue, Morgan Heights. Some of our townpeople are wise enough to buy in this beautiful section before the buying time has passed. Inasmuch as Morgan Heights is developing very rapidly interested parties should buy now to avoid disappointment.—Adv.

The pinocchio given by the Field Club last Friday evening was highly successful and enjoyable. First prize was won by Cooper Thompson; second by Mr. Krause; third by Mr. Schmidt, and the fourth was taken by Messrs. Newman and Koppenhofer, while F. A. Godley received the booby prize. The cast were prepared by "Pop" Mathews, chef.

Lewis and Preston Sharp have organized a wireless school in Palmyra for the purpose of bringing together the young men who are interested in the advancement of radio-telegraphy. Permanent headquarters have been obtained and a high power transmission and long distance receiving set is being installed. The plant will be able to send messages three hundred miles.

Builder Davis, of Morgan Heights, is about to start the erection of a very nice home property at the corner of Morgan avenue and Pearl avenue. Morgan Heights is developing very rapidly. In fact that whole neighborhood will soon be built up. We understand several houses are to be built on Highland avenue near Cleveland avenue. Parties who have had any interest in Morgan Heights should buy now to avoid disappointment.—Adv.

Theodore D. Mallin, son of the Rev. Theodore D. Mallin, of 327 Garfield avenue, has returned home after an absence of nearly three years in France. The Lieutenant was kept in France because of his knowledge of the language which proved of great advantage in settling up affairs with the French Department of Liquidation owing to changed orders. Lieut. Mallin's expected return in December, 1918, did not materialize, although he was reported as having landed at Newport News. The Lieutenant's father is the rector of the French Church of St. Sauveur, in Philadelphia.

Be Not Too Sure.
Be not too presumptuously sure in any business; for things of this world depend on such a train of unseen chances that if it were in man's hand to see the tables still he would not be certain to win the game.—Herbert.

Bonus Voted to Hackensack Teachers.
Voters of Hackensack approved by a majority of 618 to 11 the proposal submitted by the Board of Education to borrow \$35,000 for the payment of an additional salary bonus to teachers during the current year. The new bonus, subject to the limitations of the bonus law, which prevents the payment of a total bonus in excess of 50 per cent of a teacher's salary, will average about \$210 to \$250.

TO PREPARE ENLISTED MEN FOR THE NAVAL ACADEMY

Word has been received from the Naval Recruiting Station, 1516 Arch street, Philadelphia, Pa., that for the express purpose of instructing enlisted men of the Navy for the competitive examinations for appointment as Midshipmen at the Naval Academy, Annapolis, Maryland, special schools are to be established. The widest publicity to all stations and naval vessels has been given to this great opportunity for promotion, and it is now in, or about to enter the "naval service" of the United States. Any young man interested in this line of promotion should immediately request by the Navy Recruiting Station, 1516 Arch street, Philadelphia, Pa.

Business Map to Organize
A meeting of the business men of Palmyra will be held in the office of George N. Wimer next Tuesday evening for the purpose of forming a business men's association.

In view of the many problems confronting the town and the necessity for immediate action to provide for future eventualities, it has been the consensus of opinion for some time that a live business men's organization be formed to take hold of matters of vital interest to Palmyra. With the community already expanding rapidly and prospects of a big increase in population and business following the building of the Camden bridge, there are several projects in addition to those already being considered by the town officials which the business men think require immediate attention.

These leaders, it is understood, will be gone into thoroughly by the business men and then presented forcibly to the public.

DEATHS

Mary Lillian, the five-year-old daughter of Mr. and Mrs. Joseph D. O. 445 Delaware avenue, died on Wednesday of pneumonia, after an illness of one day. Interment will be made in St. Peter's Cemetery, Riverton, on Saturday.

Undertaker Morton will be in charge of the funeral.

Thomas M. Aspinall
Following a short illness with pneumonia, Thomas M. Aspinall, son of William Aspinall, of 204 Delaware avenue, died Saturday morning in the Riverside Hospital. Mr. Aspinall was 44 years old and unmarried. He was a stone-cutter by trade, but of late had been tending a railroad crossing at Taubel's in Riverside. The funeral was held Wednesday afternoon, with interment in Morgan Cemetery. Undertaker John E. Morton in charge.

MINISTERS COST LESS THAN AUTOS

World Survey Figures Reveal How Badly United States is Paying Its Pastors.

MANY LIVING ON \$500 A YEAR.

One of the Aims of Present Protestant Co-operation is to End Disgrace of Underpaid Pastors—Pensions Also to be Provided.

What are the chances of a young man who intends to be a lawyer or doctor or lawyer? What are the chances of a minister or the manufacturer?

The lawyer has exactly one chance in five. The doctor's chances are one in seven. It is ten to one against the manufacturer. The modern minister, however, who formerly ranked with the doctor and lawyer as a member of the "learned professions," has fallen hopelessly behind. He is a 100 to 1 shot.

These figures are part of a mass of astonishing facts brought to light by the world survey being made by the Interchurch World Movement, and whose sources of information are such that many economists and statisticians are availing themselves of the results. This survey puts America's pastor at the bottom of the ladder of the national income receivers—and with responsibilities which equal those of any capitalist in industry.

A worker in a mill, a laborer in a rubber plant, a paper maker, a worker in a shoe factory—all are getting higher average wages, the survey shows, than does America's minister, city or country. Not even the city man receives the luxurious salary that many persons, including many county judges, believe he does. Not four ministers in a thousand, according to the survey, receive \$5,000 a year. In no instance, whatever the denomination, does a majority receive \$1,000.

Cotton Pickers Better Off? In 2,783 churches the yearly pay to your pastors has been less than \$1,000.

Are you a Presbyterian? You are then on the least \$1,000 list with 6,415 ministers. In the event that you are a Methodist the charge is that 4,719 pastors are trying to exist on the \$500 a year that you pay them. Episcopalians do a little better, yet half of their rectors receive less than the \$1,500 a year which government economists regard as the minimum on which a family can be decently maintained.

The initial cost of the cheapest "five-year" on the market is less than \$600, but a very good, conscientious pastor, it is shown, can be hired for a year for that sum.

Ministers in the South are preaching to fifty or more cotton pickers who individually are paid more for picking cotton than the entire neighborhood pays to the pastor in a year.

One of the aims of the present co-operation of the world's Protestant denominations is to end this disgrace of the underpaid minister. With universities, business houses and municipalities daily taking action to provide for the comfort of their workers, the church is to keep pace with the times, and to arrange not only for adequate pay for its workers, but to provide pensions for those no longer able to work.

It is to move the public to prevent unfavorable comparison of pastors and peddlers. Until then, as for a peddler swapping jobs with a pastor drawing an "ordinary" salary—never! The lowest salary paid to pastors is lower than any wage paid in the entire steel industry.

Seeking information.
Arthur, three years old, was watching his cousin milking a cow. This was the first time he ever saw anybody milking. He hesitated a while and said: "Are you milking the side that gives cream?"

GOV.-GENERAL OF PHILIPPINES FOR FREEDOM

Declares It Not Right That Freedom Should Longer Be Withheld.

By FRANCIS BURTON HARRISON, Governor-General of the Philippines. (First Article.)

My six years' experience as governor-general of the Philippine Islands have convinced me that the Filipino people are ready and fit to have their independence. I have therefore recommended to Congress, as well as to the executive administration, that independence be granted to the people.

As to the question of the stability of government, I wish to say to the American people under my responsibility as the governor-general that in my view there exists today in the Philippine Islands a stable government, which I think should answer the requirements laid down by Presidents Grant and McKinley, and as I understand it, also by Mr. Roosevelt. A government elected by the suffrage of the people, which is supported by the people, which is capable of maintaining order and of fulfilling its international obligations.

I am very glad to go on record as being entirely in sympathy with the aspirations of the Filipino nation for independence.

I have recommended to Congress that in granting independence some provision be made similar to that which is known as the Platt amendment in the treaty with Cuba, which restricts the ability of the new republic in borrowing of foreign governments and also permits the United States to interfere with the affairs of the new republic in case conditions of disorder should be found to prevail. Such recommendation does not come as an expression of the views of the Filipino; it is my own view of what would be desirable to secure a feeling of confidence and satisfaction on the part of all persons who have already invested money in the Philippines or who contemplate doing so in the near future.

But it is not right that independence itself should longer be delayed.

By temperament, by experience, by financial ability, in every way, the 11,000,000 Filipinos are entitled to be free from every government except of their own choice. They are intelligent enough to decide for themselves.

I have found the native Filipino official to be honest, efficient and as capable of administering executive positions as any men I have met anywhere in the world.

These officials are today governing 1,000 municipalities and forty-two provinces, economically, efficiently and for the good of the entire people. They have a native congress, including many graduates of Yale, Princeton, Harvard and other American universities. Other members are graduates of Santo Tomas and other Philippine universities, and in education and ability they compare favorably with any I know.

They have leaders like Speaker Osmena of the House of Representatives and President Quezon of the Senate who would adorn any office.

The Philippines are away ahead of the United States in successful government and operation of public utilities.

The government took hold of the steam railways and made them pay a profit of 1,000,000 pesos a year more than under private ownership.

It took hold of the highways, and we have 7,000 miles of the best macadamized roads in the world. The Manila city government is about to take over the street railways and the gas and electric plants, while the territorial government is arranging for ownership and control of the coal supply.

The movement for independence is a peaceful one. No territory was more loyal to Uncle Sam during the war. It offered an armed and equipped division to our government, gave it a submarine fleet and an airplane squadron, and it has made many contributions to the United States.

Two million talents speak English fluently, and there are 700,000 English speaking children in the public schools. It is more than willing to retire if the Filipino can be given what they deserve—a government like that of the United States.

A MISREPRESENTED RACE.
The Filipino people are a much misrepresented race. The frequent publication of pictures of semi-naked Mindanao Moros and Igorotas has caused a great many Americans to believe they are typical of the inhabitants of the Philippines. Such is far from the case, however. Of 11,000,000 inhabitants of the islands, 10,500,000 are a Christian, civilized people with a culture and refinement that will compare very favorably with that of other nations. The Filipino women are exceptionally modest. A street striation in Manila, so far as a Filipino woman is concerned, is something that is almost unknown, as any American that has visited Manila will testify.

AMERICAN LEGION ENDORSES THRIFT

"Resolved, That the American Legion pledges its members to support the Government Thrift Savings and Investment campaign and urge its local Posts to provide a Government Savings Committee to promote savings among members, and direct the national officers of the American Legion to take such action as is necessary to promulgate government savings throughout the organization; and,
"Resolved Further, That the American Legion calls upon the American people to support the after-war financial program of the government so unanimously and effectively as they did the war loans which proved to the world the financial power of organized democracy."

FARM THRIFT REMEDY FOR HIGH PRICES

Secretary of Agriculture Calls Farmers Backbone of Nation.

Recommends Government Securities as Best and Safest Investment.

"The entire world at this time is striving frantically to regain its equilibrium which was so sadly disturbed by the European war. Here in the United States our great problem is the stabilization of prices that we may escape the great and unnecessary burden that inflated prices inflict. The greatest stabilizer in the country today, and one that we may all employ," thrift," states Fred Rasmussen, Secretary of Agriculture.

"By the practice of thrift, we may curtail our demands on the other industries, thus aiding in solving the problem of under-production which in a large measure responsible for our high prices," continues the secretary.

"Nowhere is there a more excellent opportunity for the practice of thrift than on the farm. The farmer, to be thrifty, must study and understand his land and its needs. With the price of leather so high, he should carefully clean and oil the harness from time to time, that it may render longer service. He should maintain his buildings and fences in such condition that his crops are not likely to suffer from the weather or from straying cattle. "In short, the farmer, to practice real thrift, must do everything within his power to increase his production and the standard of his products, while at the same time expending no effort to reduce the cost of operating his farm to the minimum consistent with efficient management, so as to be able to lay aside a part of the income for future use."

"The farmer who, by thrift and good business practice, has acquired funds over and above the amount needed as working capital in the operation of his farm, is confronted with the question of safe investment, which will yield a reasonable return."

Secretary Rasmussen in discussing the question of investment, particularly in connection with "wild card" promotions and stocks, advises strongly safe and secure investments. He says: "I know no more suitable securities than the Government Bonds and Savings Stamps of \$5.00 each, maturity 1940, and the five-year Treasury Savings Certificates in denominations of \$100.00 and \$1000.00 at maturity. They are absolutely safe, convenient and profitable; they net 4 per cent interest tax free; never depreciate in value; and may be redeemed for cash when needed."

"The individual investment in these securities will help Uncle Sam to make things go. He needs the co-operation of our farmers. They are the backbone of our national life and its finances. They help make our future secure. I hope this opportunity will be fully grasped, for therein lies a mutual benefit to every one of us."

An Assured World Success.
"When such a vast multitude of people come together earnestly and prayerfully, there must be developed an outpouring of spiritual power such as this land has never before known. If the Interchurch World Movement is complete in its co-operation, if the individual constituents are consecrated and in earnest, and the leadership is able, there is no limit under God in what may be accomplished in the establishment of His Kingdom on earth."
—John D. Rockefeller, Jr.

SENATE PASSES 3.50 BEER

Barrett Bill, Legalizing Manufacture and Sale of Stronger Brew, Carried 12 to 9.

SIGNED BY THE GOVERNOR.

"Dry" Wage Spectacular but Futile Fight in Session Lasting Three Hours—Bridges and Tunnel Project Must Go Through Without Delay.

Trenton.—With the expected 12 votes, more than the required majority, the senate passed finally the Barrett 3.50 per cent beer bill. Nine votes were opposed. As the measure passed the assembly, it went to Governor Edwards, who made it one of the chief recommendations of his inaugural address after his successful campaign upon the issue. He immediately approved the bill, and this was the first act of a state to legislate on the liquor question since national prohibition went into effect.

The vote upon final passage of the bill was as follows:
Ayes—C. D. Ayer, D. White, Atlantic; B. H. White, Burlington; Filgrim, Essex; Smith, Passaic; Case, Somerset; Republicans; Simpson, Hudson; Martens, Hunterdon; Heath, Mercer; Brown, Middlesex; Kays, Sussex; Barber, Warren, Democrats—12.
Nays—Haines, Camden; Bright, Cape May; Sturgess, Gloucester; Stevens, Monmouth; Whitney, Morris; Hagaman, Ocean; Runyon, Union, all Republicans—9.

Governor Edwards, in obtaining the passage of the beer bill, fulfills the most important promise he made the people of the state in his campaign for governor. He pledged himself to the enactment of a law that would allow the manufacture and sale of beer in New Jersey. He was assailed by the Anti-Saloon League and other dry organizations as a "nullificationist" and "secessionist." Edwards won by 15,000 in a state that is normally 50,000 Republican. The governor's first act was to send a message to the legislature demanding the legalizing of beer. His next was the presentation of the bill to carry out this idea.

Some Acrimony in Debate.
The passage of the bill followed a debate marked by some acrimony. A statement was made by Senator Runyon of Union that the senate was about to take one of the most important votes ever taken in the history of the state and the crowded galleries told of the great interest of the public in the matter.

The bill came up under suspension of the rules upon motion of Senator Filgrim of Essex, who asked that the committee substitute for the Barrett bill be substituted for some bill No. 174, introduced by himself. It looked for a minute as if President Case arbitrarily was going to refer the bill to committee and make its consideration impossible. When the message of the house was read he made a quick reference, and for a minute the proponents of the bill were at a loss as to how to proceed. Finally some one suggested an immediate report, and the committee reported favorably. Then a parliamentary move brought the bill to third reading, and the debate was on.

Several unsuccessful attempts were made to amend the bill. Senator Haines of Camden wanted a referendum tacked on, and Senator Sturgess wanted the penalties of the Volstead act inserted. These attempts to amend occasioned some slight debate before Senator Filgrim took up the main question. The Essex senator pictured the bill as an honest attempt to interpret the rights of the state as included in the word "concurrent." He said that he had no sympathy for the stupid and mercenary liquor interests, but he was concerned about the rights of the people of New Jersey.

The rights of New Jersey to pass such a bill was taken up in detail by Senator Brown, Democrat, who insisted that if the action of the state was against the spirit of the Constitution he would be the last to urge its passage.

Would Like More Kick.
He said his only regret was that it would permit the brewers to sell beer that contained 95 per cent water and he would like to have a more substantial beverage legalized.

Senator Haines said he was against it because it would not allow the people to be heard on whether they wanted it or not.

Senator Whitney, Republican, of Morris, although against prohibition, pleaded with the members of the senate to protect federal rights as against state rights.

The most powerful argument against the bill was made by Senator Runyon, Republican, of Union, in a fervent plea, declaring it to be the most important piece of legislation ever acted on in New Jersey. "It is not a question of wet or dry, but a question of whether New Jersey should raise its head in rebellion against the Constitution of the nation," he said.

The acrimony of the discussion was contributed by Senator Simpson of Hudson, who vigorously ripped asunder the argument of Senator Runyon and ridiculed the fervid address by declaring that the people are not Benedict Arnolds, even though "the member from Union and the Anti-Saloon League seem to feel that they are." He took the view that the legislature was taking advantage of its right to legislate under the Eighteenth amendment as the best lawyers in the country said it could legally do.

Big Ripper Bill Appears.
An administrative measure sure to cause an uproar and a scrap appeared from Assemblyman Judge of Hudson. It creates a department of public affairs, with a board of five commissioners at \$7,500 a year each. The department takes over and administers the departments of health, shell fisheries, conservation and development, institutions and agencies, commerce and navigation and the boards of managers of state institutions. Nearly all these bodies were created by the series of bills enacted in 1915 as the Edge economy and efficiency program, and Governor Edwards has upon several occasions declared that there was no other economy nor efficiency in them. He believes that a board of salaried

U. S. NAVY The Happy Life.

Not worried very much about the High Cost of Living, are they? And why should they be? Each gets the same amount of meat, sugar or potatoes at the present prices as when they cost only one-third as much.
And the Canteens on board sell him candy, cigars, tooth powder, shaving soap, and all his other needs at cost, plus only ten per cent profit. This profit goes into an athletic and entertainment fund, furnishing him with movie films, athletic equipment, and other pleasures, for nothing.
It's a hard life; that's the reason the fellows in the picture look so worried.

officials, picked an efficient business men, will accomplish more in that direction than the multiplicity of unpaid boards now in existence.
The latest onslaught upon the State Utility Board, the object of so many hostile demonstrations, came in a bill introduced by Assemblyman MacAteer of Hudson, repealing the act by which the body was created in 1911. The "ripper" was drawn up by City Attorney William Kearns of Newark as a result of a decision of the Supreme Court holding that the Public Service Corporation could at will increase its rates, subject to review by the Utility Board.

How far Republicans will allow these bills to get was indicated in a conference the assemblymen held prior to the night's session. They decided to put through any party measure the bills they failed to agree upon at the opening of the session intended to strip the governor of summary power of removal of boards and commissions. It was the purpose at that time to get these measures through in the first week and prior to the inauguration of Governor Edwards, but they were unable to corral enough votes.

Daylight Saving Passes.
The house by the close vote of 31 to 29 passed Assemblyman Eldridge's daylight saving bill. In urging its passage Mr. Eldridge said the great work demonstrated the benefits to the people at large derived from the act of Congress, and he believed the majority of the people favor the scheme. Mr. Eldridge said the best evidence of the unpopularity of the law was its repeal by Congress. He presented the arguments of the farmers that the law, accepted as a wartime regulation, had worked as a hardship upon them in gathering crops and tending to increase the cost of living. Mr. Agans of Hunterdon also opposed the bill upon the same general grounds.

"We've tried to regulate everything in New Jersey, from milkmaids to goose yokes, and now we are trying to regulate the time. It's time to call a halt and get down to common sense. The war is over."
Mr. Tozer of Bergen called attention to the immense large number of employed people in the city industries who would be benefited by the extra hour of daylight, and that these toilers should be considered. It would serve to increase production of the factor, and thus cut the cost of necessities which the farmers buy. Mr. Roberts of Burlington, who owns several large farms, opposed the bill, and the debate about the same time.

The Hudson delegation voted solidly against the bill, but the Essex men were for it.

Whitney's Bill Passed.
Leader Hirschfeld obtained reconsideration of Senator Whitney's bill, lost in the house after a warm battle, charging against the state school funds instead of against the general fund appropriations for continuation schools, vocational education and similar items. The measure was endorsed by the Appropriations Committee, of which Senator Whitney is chairman, and, it was explained, is necessary properly to adjust the annual appropriations. It involves about \$700,000 annually.

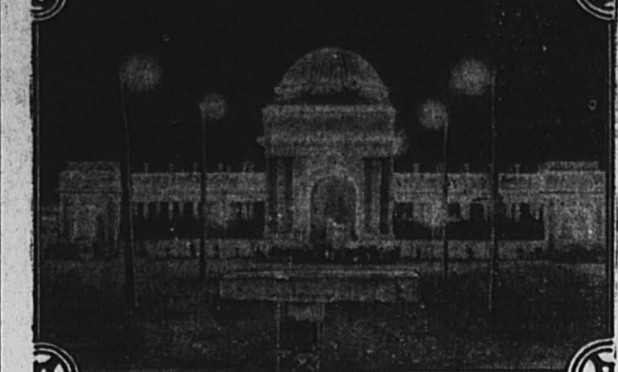

Democratic Leader Barrett Again Opposed the Measure.
Former Speaker Pierson declared that one reason for the need of the bill was the reduction in the state's revenues caused by the enactment in 1911 of the "pet measures of the gentleman who now presides over the White House, known as the Seven Sisters, which took from the state a large sum of legitimate income. He said the state has come to the situation where its revenues do not meet the extraordinary expenditures. The bill passed by a vote of 33 to 27, a strict party vote.

Need Much More Money.
Some stubborn facts with relation to the financial problems facing the people of New Jersey were presented to the legislature in a special message from Governor Edwards. His purpose, he said, was to acquaint the people with the situation as they had been "allowed to remain in woeful ignorance of the real facts in connection with the highway program as outlined under the Edge road tax act of 1917." He further said that it was high time that the people should know the details of the problems with which they are confronted, and it was also "time to put on the brakes and go slow."
The problems dealt with in the special message are: The state highway system, the Interstate bridge and tunnel, state institutions and taxation.

The governor made it clear in his message that instead of the original \$15,000,000 that it was estimated the new highway system would cost, the total sum necessary to complete the program would reach \$38,007,800.

German Idea of Justice.
"The pigeons in Belgium," says Grand Whittlock in Everybody's for September, "had almost as hard a time of it as the people themselves. At Nivelle a poor man had some carrier pigeons and the Belgians love for them. But he had food for them and so was obliged to kill them. His children cut off their heads and ranged them along a window sill, and underneath wrote: 'Died for their country? The Germans saw the little heads and the inscription and the man was sent for 15 days to the Kommandantur and fined 200 francs.'"

MANILA CARNIVAL BIG ATTRACTION OF FAR EAST

This is the season of the year when the Philippines become the playground for the entire orient. It is carnival season in Manila.

In 1908 the first Philippine carnival was held on historic Wallace Field in Manila in February, when the climate of the islands is at its best, and each succeeding year there has been a larger and more elaborate celebration. The 1920, or Victory Carnival, will be the greatest event of its sort ever held anywhere in the Far East.

There are commercial and government exhibits in connection with the carnival, and on no other occasion is it possible to gain at once such a comprehensive idea of the production and development of resources of the archipelago as that which is offered the visitor at the carnival city.

In the evenings the carnival becomes the center of Philippine and oriental social activity. A huge open air auditorium serves for the elaborate night balls, and on its mammoth floor thousands of couples swing together to the strains of music furnished by the famous Constabulary and other military bands. Probably at no other place in the world will one see an equally impressive cosmopolitan spectacle.

The Manila visitor who can plan his trip to arrive at the Pearl of the Orient for carnival time may well deem himself fortunate.

WOMEN ADOPT 10,000 ORPHANS

Connecticut to Provide Foster Mothers for Little Victims of Turks.

Ten thousand little victims of Turkish brutality are to be foster-mothered by the big-hearted women of Connecticut as the result of appeals by Near East Relief, the former Committee for Armenian and Syrian Relief of 1 Madison Avenue, New York City. The women at a meeting voted to "adopt" that number as their share of the 250,000 homeless and starving boys and girls orphaned in the massacres and deportations.

Three hundred representatives of women's organizations attended the meeting at Hartford, at which Governor Marcus H. Holcomb presided and pleaded the cause of the stricken people. Another speaker was Henry Morgenthau, former U. S. Ambassador to Turkey.

Assurances that the example of these big-hearted Connecticut women will be followed by similar organizations in all the other states have been received at the headquarters of the Near East Relief, 1 Madison Avenue, New York City.

Take the Guesswork Out of Gardening

No matter how carefully you prepare the soil, despite your skill at planting, and regardless of weather conditions you won't get the right results with the wrong seeds.

And the difference between the garden that reduces the high cost of living and the garden that...

is "just a garden" is principally the difference. Buist Seeds have produced quick and positive results for three generations of American gardeners. They are the result of over 92 years of scientific selection and development.

- Consolidated Gas Co., of N. Y.
- Pennsylvania Railroad
- Standard Oil Company of N. Y.
- Goodyear Tire Rubber Co.

Easy to Operate

YOU depress the keys and the result appears instantly. NO HANDLE TO PULL, therefore unlimited speed. All problems in addition, subtraction, and multiplication performed directly. Anyone who can read figures can operate the AMCO at once. Simplicity of operation is the key note of the AMCO Desk Adding Machine.

Its Size

The AMCO is small in size and light in weight, and truly portable—weighing only 6½ pounds. It can be placed on a man's ledger, taken from desk to desk, on a trip, or home wherever there is figuring to be done.

Durability

The AMCO is built very strongly. It is constructed of the most durable steel and tested to endure the hardest kind of use. Every machine is absolutely guaranteed for one year during which period all repairs and adjustments will be made, gladly, free of charge.

See the Machine at The New Era Office.

Ford

THE UNIVERSAL CAR

Out of the more than 3,000,000 Ford cars now in use, about sixty percent have been sold to farmers. Probably no other one thing has brought to the farm so much of comfort and profit as has the Ford car. It has enlarged the social life, doubled the facilities for marketing, brought the town next door to the farm, multiplied for the farmer the pleasures of living. A family car without an equal in low cost of operation and maintenance. We solicit your order for one now because the demand is large and continually increasing.

Spring Fashions in Women's Apparel

MAIN Spring Fashions show that inimitable touch of French influence and inspiration. Women will find a wealth of smart apparel here, the distinctive, the becoming, the appropriate in Suits, Dresses, Coats, Millinery and Blouses. Everything the well-dressed woman may need for day-time or evening wear:

Suits Show New Fashion Features

Practically every woman includes a Worsted Jersey Sports Suit in her wardrobe. In plain shades or heather mixtures, they are so smart-looking and so serviceable for traveling and general wear—\$32.50 to \$40.00.

Practical Suits and Dressy Suits of serge, tricotine, Poret twill, tweeds and checks are in black, navy, blue or the season's new shades. All the new features in style, sleeve length, belts and plaits, braid, embroidery, or vest effects are shown in this group from—\$42.50 to \$225.00.

Many Lovely Styles in New Dresses

Whether a woman prefers a trim Straight-line Frock of Serge or a handsome Evening Gown, she will do well to choose from the wonderfully comprehensive array here. Dresses of Jersey cloth, serge, tricotine and Poret twill, simply or elaborately trimmed, with sleeves short or long, and all the newest fashion features in line, and in style—\$16.50 to \$135.00.

Silk Dresses of taffeta, satin, crepe Georgette and foulard; many in combination with lovely laces. Straight lines, bouffant effects, cascade draperies, graceful panels are all shown. As for trimmings—narrow ribbons, little self-quillings and lace frills or braid and embroidery. A beautiful collection—\$22.50 to \$225.00.

Lovely Blouses and Smartest Skirts

Featuring chiefly the Over-Blouses of tricotette and crepe Georgette and hand-embroidered Lingerie Waists, noticed for their short-sleeve effects. Also a wonderful showing of Silk Cloth and Crepe Georgette Skirts, with foulard patterns greatly in evidence, and horizontal tucks and trimmings in great elaboration.

The Opening Exposition of Millinery Continues

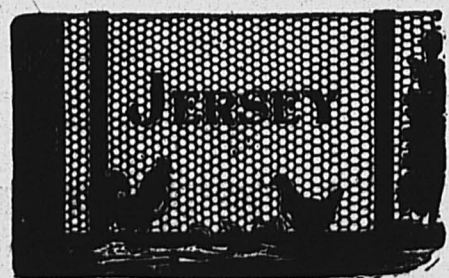

The Millinery Salons are a-hum with admiration. The Millinery from Paris, personally selected by our representative, is receiving the highest appreciation; and we are showing many copies and adaptations of Paris models that are well worthy of remark. Also there is an extensive line of Ready-to-Wear and Sports Hats. And we have one Salon devoted to Misses' and Children's Millinery.

The New Coats, Capes and Dolmans

Short Capes of gold lace and jade crepe; fantasi brocade with duvetine waist and shoulder cape; of accordion-plated fantasi trimmed with gray squirrel; a Crepe Georgette Dolman in blue has motifs in bronze, studded with steel beads, and banded with mole. A state-of-the-art Satin Coat, with elaborate ruchings, keeps to the forefront of Fashion by a deeply ruffled cape collar.

Shooting the Mines.
The U. S. Mine Sweeping Detachment has just returned from its work in the North Sea. The ever present danger of floating mines was counteracted by the sharp eyesight of the men who were behind the guns. Their job was to pick off the mines as they appeared and explode them by direct hits. The lives of the other men aboard and the safety of the ship depended on their keenness.

Not Guilty.
Lawyer—I suppose you fellows are forever trying to produce artificial life?
Chemist—Heaven forbid! We leave that to the white-light restaurateurs—Buffalo Express.
Economical Daughter.
"But when I was courting you you didn't need so much gas," said the young husband.
"No, dear," replied the sweet young thing as called wife.
"You were satisfying then to sit in the darkened room with me. Now you want every gasburner in the house lighted."
"Well, you must remember, Henry, that my father is not paying for this gas now."—Yankees Stationer.

THE NEW ERA

Published every Friday at RIVERTON, N. J.

WALTER L. BOWEN Editor

The New Era is devoted to the business and home interests of Riverton and Palmyra, independent of political or religious affiliations...

Subscription \$1.50 a year in advance

Advertising Rates on application

The New Era Office is equipped to do all kinds of FINE PRINTING at reasonable prices.

FRIDAY, MARCH 12, 1920

LEGAL ADVERTISEMENTS

The New Era is a Legal Newspaper. Commissioners, Sheriff's and other Sales, Administrators and Executors' Notices, as well as other legal advertisements are solicited.

NOTICE TO SUBSCRIBERS

If you do not receive The New Era with your other mail on Saturday, please ask the postmaster for it. If it is not there, ask for one of the extra copies which are sent to the post office to meet such emergencies.

NOTICE

All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, or for similar objects, will be charged for at the rate of ten cents a line.

DR. TAFT TO SPEAK IN RIVERTON

Dr. Jesse W. Taft, of the University of Chicago, will address the Parents-Teachers Association next Thursday evening, March 18, at eight o'clock, in the public school auditorium.

DR. TAFT IS NOW PSYCHOLOGIST FOR THE SEYMOUR INSTITUTION IN PHILADELPHIA, AND CONDUCTS A SCHOOL OF CHILD STUDY AS A BRANCH OF THE DEPARTMENT.

DR. TAFT COMES WITH A GREAT FUND OF FIRST-HAND EXPERIENCE AND KNOWLEDGE AND HER TALK SHOULD BE FULL OF HELPFUL INFORMATION AND SUGGESTIONS.

THESE ARE NO CHARGES FOR ADMISSION, AND EVERYONE IS cordially invited.

THERE WILL BE A BASKET AT THE DOOR FOR CONTRIBUTIONS FOR THE NEAR EAST RELIEF FUND.

SEVERAL PLANS BEING CONSIDERED BY MEMORIAL COMMITTEE

The third meeting of the committee on Memorial for Riverton was held at the Country Club last Monday evening.

THE COMMITTEE ON THE RING FOR THE SERVICE MEN WERE INSTRUCTED TO PROCEED TO HAVE THE SITE FOR THE RINGS.

A COMMITTEE ON A MUNICIPAL OR COMMUNITY BUILDING WAS APPOINTED AS FOLLOWS: GEORGE K. CLARK, H. H. MURRAY AND JAMES S. COLE.

AFTER VIEWING A NUMBER OF MEMORIAL SHAFTS PRESENTED BY A REPRESENTATIVE OF A MONUMENT CONCERN, THE FOLLOWING COMMITTEE WAS APPOINTED TO CONSIDER THE MATTER OF A MONUMENT AND A SUITABLE SITE: CHARLES A. WRIGHT, WILLIAM A. HENDRICKSON, MRS. M. C. BOYER, MRS. N. MYERS FITZGERALD AND WALTER L. BOWEN.

THE NEXT MEETING WILL BE HELD MARCH 22.

DO WOMEN MEAN BUSINESS IN THE THRIFT CAMPAIGN?

To study and practice thrift in everyday living, to buy those things which are actually needed, to exercise care and prudence in the matter of all purchases; to set aside a reasonable amount for the proverbial rainy day, and to adjust one's expenditures in such a way as to make the most of individual and family income—these are burning questions which will be considered by the Southern New Jersey Women at the convocation to be held at the Chelsea Baptist Church, Atlantic City, on Monday, March 15.

THE MEETING WILL BE HELD BY F. W. CORY, vice chairman of Savings Division, Treasury Department, "Third Federal Reserve Bank," who is in charge of nine counties of Southern Jersey. More than three hundred prominent women, representing various clubs and organizations, will be present at the conference.

IN DISCUSSING THE PROGRAM OF THE CONFERENCE WITH MRS. HENRY D. JUMP, vice director of Savings in the Third Federal Reserve District, Mr. Cory said: "It is vital that women should wake up and begin searching inquiry into the fundamentals of the household budget system. We expect to arrive at some definite course of action with a view to stemming the present high prices and the prevailing orgy of waste and extravagance."

THE DELEGATES ATTENDING FROM RIVERTON WILL BE MRS. MURRAY C. BOYER AND MRS. CHARLES F. ALLEN OF THE PORCH CLUB, AND MRS. WALTER L. BOWEN, OF THE PARENT-TEACHER ASSOCIATION.

EAST RIVERTON

Mr. and Mrs. Giberson have recently celebrated their twenty-fifth wedding anniversary.

Mrs. Thomas Perkins spent the week-end at Mrs. Nellie Wilkins at New Brunswick.

Mrs. Ella Wright, of Philadelphia, who has been spending a couple of weeks with her sister, Mrs. J. Sautsbury, has returned home.

J. M. Coddington's children are recovering from scarlet fever.

Charles Hansen and Mrs. Ann D. Hansen, of Camden, spent Sunday with their sister, Mrs. E. M. Everingham.

Rev. George Palmer, of Ashbury, has been transferred to Burlington.

GARD OF THANKS

Mrs. Foust and family wish to thank the many friends, as well as the P. O. S. of A. for their kindness shown in their recent bereavement.—Adv.

Somehow, you can always tell a true lady by the velvet silence which seems to surround her. I wish that this makes the chatter of other women sound like a cheap jazz orchestra.

WEEKLY NEWS BUDGET for Riverton and Vicinity

Due To At Home.

Mr. and Mrs. Herbert M. Morris are on a trip to Porto Rico.

John Rowan has moved from Seventh street to Palmyra.

Bennett and Miss Grace will remain until later in the spring.

Mayor Kilham E. Bennett returned on Friday from Pasadena, Calif.

George H. Vealey has bought the Bowers property on Liden avenue.

Mrs. H. B. Hall, of Wilmington, visited friends in Riverton Thursday.

Miss Augusta Cavanna will attend a military ball at Wenonah Saturday night.

Shepherds of Bethlehem held a very early supper Wednesday night in Collins' Hall.

A committee is being formed to conduct a canvass for funds for Near East Relief in Riverton.

Mrs. Lee H. Hulet announces the engagement of her sister, Miss Gertrude O. Crippen, to Mr. Samuel Burns, of San Francisco.

The record of vital statistics in the Borough of Riverton for the month of February showed two births, four deaths and one marriage.

Big hauls of carp and suckers are being made in the river off Beverly by fishermen who cast their nets through rifts in the ice.

D. E. Fink, who spent the winter in Philadelphia, returned on Thursday to his work at the Entomological Experiment Station at Westfield.

Joseph Rech has recovered from his recent illness and re-opened his barber shop today. He will be glad to see his old customers again.—Adv.

John Sloan ground off the top of his left thumb on Saturday. He is receiving medical aid at Campbell's soup factory where the accident happened.

Mrs. C. H. Padmore, of Wilmington, who has been ill with scarlet fever, is greatly improved and expects to come to the home of her mother, Mrs. Nellie Cavanna, in a few days to recuperate.

State Commissioner of Education C. W. N. Anderson has taken the school children of the State to raise money for the erection of a statue on the banks of the Marne as an American gift to France.

Real Estate Agent Coddington has sold the Rease Property at Fourth and Cinnaminson streets to C. P. Mayfield, of Philadelphia, who will make some alterations and occupy it some time in May. He has also sold the Hubbs' double dwelling on Thomas avenue to Joshua Bartley, who formerly lived in Riverton.

PORCH CLUB

On Tuesday afternoon Miss Helen Lippincott gave a most interesting account of the National American Women's Suffrage Convention, held in Chicago, the latter part of February.

Mrs. Carrie Chapman Catt, who has been Suffrage President since 1916, gave an address before 2000 delegates in the gold room of the Congress Hotel, and this will probably be the last presidential address in the history of the association, as it is to be absorbed into the League of Women Voters.

A school of citizenship was held in Chicago directly after the convention, and was attended by two New Jersey women, Mrs. Engleton, of Newark, and Mrs. Crane, of Plainfield.

The following is the program of the Citizenship Committee adopted by the National Convention:

1. Compulsory education in every State for all children between six and sixteen, nine months of each year.
2. Education of adults by extension classes of the public schools.
3. English made the national language by making it compulsory in all public and private schools where courses in general education are conducted.
4. Higher qualification for citizenship and more sympathetic and impressive ceremonial for naturalization.
5. Direct citizenship for woman, not citizenship through marriage, as a qualification for the vote.
6. Naturalization for married women made possible.
7. Compulsory publication in foreign language newspapers of lessons in citizenship.
8. Schools of citizenship in conjunction with the public schools, a certificate from such schools to be a qualification for naturalization and for the vote.
9. An oath of allegiance to the United States by every citizen and by foreign born to be a qualification for the vote.
10. An educational qualification for citizenship in charges in the Third Federal Reserve District, Mr. Cory said: "It is vital that women should wake up and begin searching inquiry into the fundamentals of the household budget system. We expect to arrive at some definite course of action with a view to stemming the present high prices and the prevailing orgy of waste and extravagance."

The delegates attending from Riverton will be Mrs. Murray C. Boyer and Mrs. Charles F. Allen of the Porch Club, and Mrs. Walter L. Bowen, of the Parent-Teacher Association.

On Tuesday, March 16, the meeting will be in charge of Mrs. Clarence H. Rolf. Do not miss "Clippings," just a little bit of everything.

BURLINGTON COUNTY ANTI-TUBERCULOSIS LEAGUE

The Sanatorium at New Lisbon for Tuberculosis patients has been the recipient of many gifts for the comfort and pleasure of the patients, through the interest and generosity of our county people who appreciate the fact that no other county has a better equipped sanatorium nor better cared for. The ladies have made warm garments for the out-door life, books have been donated and the comfort of the patients much enhanced. There is a vitrola which renders great pleasure to all and there may be many of our interested people who will be glad to contribute records. The book cases will still hold more books and games are always welcome gifts. There is need of playthings for children who are able to sit up in bed. With those who have gifts to give for our own county sanatorium either notify the Executive Secretary, City Hall, Burlington, or send them directly to the Sanatorium, Fair View, New Lisbon.

Plans for Natural History.

We content ourselves with a knowledge of the tongues, and a little skill in philology, or history, perhaps, and antiquity; and neglect that which to us seems more material, I mean natural history. I do not discount or deride from those other studies; I should betray mine own ignorance and weakness should I do so; I only wish they might not altogether jest and exclude this. I wish that this might be brought in fashion among us.—John Jay (1801).

THINKS CRITICISM OF N. & PUPILS UNFAIR

In reading the report of the Riverton School Board, published in last week's issue of The New Era, I feel there has been an injustice done our Riverton pupils attending the Palmyra High School. They were censured for being absent, tardy, indifferent, having poor marks, etc.

Past reports testify to the normal ability of our children in the Riverton school with one exception, when the class of 17-18 had to be given the second test before they gained their required marks to allow them to pass.

It would seem existing circumstances have not been considered. While many of the scholars have been absent, I think a greater part of them can be traced to sickness, which might have been avoided if the building had been properly heated. Poor marks might be traced to the changing of teachers. One pupil said she had six algebra teachers so far this year. While we all know full well what the School Board were up against with the teacher proposition, yet the fact remains the same—it has been an off year for our scholars.

When we consider the weather, sickness, changing and scarcity of teachers, days the school was closed on account of the cold building, we feel the money paid for their tuition (if wasted) cannot be traced to the inability of our Riverton scholars, but to the circumstances as they exist.

FAIR PLAY.

(In justice to the pupils who are attending properly to their studies, it should have been stated last week that no fault has been found with the majority of the Riverton pupils attending the Palmyra High School, but there is a sufficiently large number who are 'laying down on the job' to warrant the Riverton Board of Education in exacting better results. It is not right that they should waste the money of the taxpayers on pupils who are late and absent by habit, rather than by unavoidable circumstances. No defects in the Palmyra School system, nor deficiencies on the part of the teachers can be held responsible for continued marks of "late too much," "very poor work," and marks ranging from 40 down to 0 in certain subjects which the pupils do not happen to care for. We hope the Riverton Board will make a thorough investigation of the whole subject, and take such action as may be necessary to bring the delinquent pupils up to a somewhat reasonable standard.—Editor.)

THE LIGHT OF THE NEW DAY

O People! O People! The Sun of Reality has dawned from the horizon of the world, casting its effulgence upon the East and the West. He has instructed the world of humanity through heavenly teachings and has become the cause of human solidarity.

The Teachings of His Holiness Bah'oi declare the oneness of the world of humanity; cause religion to be the foundation of union and accord in the world; become conducive to good fellowship among the children of men; conform religion with science and reason; take away political prejudices and race prejudices; uphold the doctrine of perfect equality between men and women; espouse the cause of an international auxiliary language; foster the universalization of knowledge; readjust and equalize in the most perfect manner the economic relations of the whole subject, and take such action as may be necessary to bring the delinquent pupils up to a somewhat reasonable standard.—Editor.)

MORE SIDE WALKS AND CURBS

At a meeting of the Borough Council last night petitions were presented requesting the construction of pavements and curbs on both sides of Lippincott avenue from Broad street to the river, where such do not now exist in good condition, and on Main street from the river to the borough line.

Both petitions were referred to the ordinance committee to have the necessary ordinances drawn, after which a public hearing will be held to consider objections to the passage of the ordinances.

The treasurer's report of tax delinquents for 1919 was read showing the amount to be about \$1400—the lowest for many years. The Mayor commended the treasurer and collector on the fine showing he had made.

Letters of appreciation for the appropriations made to them by Council were received from the Riverton Free Library and the Visiting Nurse Committee.

The following bills were ordered paid to room numbers 404 and 405:

Fred P. Hemphill, salary, etc. \$152.50
George K. Clark, salary, etc. 91.12
Riverton Fire Co., rent council chamber 25.00
Burglar insurance 39.68
Louis Corner, removing snow, etc. 137.00
J. T. Evans, lumber for snow plow 7.50
Gas and electric lights 298.50
C. B. Woolston, repairs and supplies for fire truck 31.64
Gloves for firemen 11.00
Riverton Fire Co., rent fire engine room 50.00
Walter G. Miller, salary 100.00
William Quigley, salary 100.00
Wanamaker & Brown, clothing 19.85
Telephone for Officer Miller 1.85
Riverton Fire Co., rent lockup 25.00
Walter L. Bowen, printing 10.05
Tags for dog registration 10.50
Engraving resolution 10.00

An instance of how some farm lands have been assessed is given in the report of conditions in a neighboring township. A farm was assessed for \$5,000 and the personal property was valued at \$2,100. The farm was recently sold for over \$50,000 and a sale of the personal property netted the owner \$3,000.—Mt. Holly News. Wonder if there is any around here like that?

John and William Abele, two boys, arrested for robbing four boat houses at Palmyra, pleaded guilty to the charge, in the County Court last week and had no excuses to offer for committing the crime. John was committed to the Jansburg reform school; William to the Rahway reformatory.

These are growing indications that the thirty-seventh race next fall is going to be a lively one in the Republican ranks. Ex-Mayor Flag of Riverton, announced his candidacy last week; ex-Sheriff Stecher, of Riverside, is said to be listening to the urging of his friends and may get into the race again; J. Aquila Jones, of near Mount Holly, is often mentioned as a promising starter, and Major Edward B. Stone, of Burlington, yesterday threw his hat into the ring by way of a formal announcement of his candidacy.—New Jersey Mirror.

BILL TO PERMIT COUNTIES TO BORROW MORE MONEY

The House of Assembly on Monday afternoon passed the Henson bill, which aims to increase the borrowing power from 2 to 4 per cent. of rates to counties which have virtually reached their bonding capacity under the present statutory limit. This is a measure which the Burlington County Board is much interested in, this county having reached a point where it cannot increase its bonded indebtedness unless the limit is raised.

Age claim made by the Freeholders that it is essential for the county to have more money to make certain road and other improvements and that this bill will open the way to raising of the money if it becomes a law. During the sharp debate which preceded the passage of the bill by a vote of 42 to 5, former Speaker Pierson opposed it on the score that increasing the borrowing power of the counties would pave the way for unwise expenditures, and charged that the counties which are urging tax increase are those whose assessed valuations are notoriously low. He contended that valuations in these counties were on a par with those of other counties which would be no need of raising the borrowing limit.

INTERESTING EVENINGS AT THE HUT

The recent Tuesday evenings at the "Hut" in the form of an open Forum have proved wonderfully interesting to those who attend, and the attendance has been increasing every night. Last Tuesday evening K. Gladstone gave a presentation on the Scientific side of the Creation as described in the first chapter of Genesis and the first of the second chapter. He likened the Bible to nature to two great books, by the same author, each written for a different purpose, to inspire awe and respect, but each sustaining and corroborating the other. Mr. Clark covered the seven days of the Creation and the Flood, or his preparation for the Creation, last Tuesday night and held the audience spellbound at some of the findings of Science and its proof of the correctness of the Bible story.

So interesting was the evening that by special request Mr. Clark will continue the story of Science and the Bible next Tuesday evening, assisted by his son Don, devoting the evening to the work of the Fifth and Sixth days of Creation, the days in which vegetation made its appearance, the beginning of animal life and the Creation of Man. These days were chosen by these presenters, because there is a more popular interest in this part of the development and also because Science has been able to read these chapters of the Book of Nature more clearly, so far, than the others.

There is no charge for admission to the Hut these evenings, nor is there an collection taken. Everybody is welcome.

HIGH PROPERTY VALUATIONS IN BURLINGTON COUNTY

As a result of the movement for increased valuations in Burlington County recently instituted by the Board of Freeholders last year, the assessed values for the year 1919 are as follows:

Riv. Loc. Gold Star Co., increased \$8,000
Deer Nurseries " " " " 70,200
Rev. W. Case Co., Riverside " " " 60,000
R. E. Metal Co. " " " " 10,000
Wm. F. Taubel Co. " " " " 47,500
Henry T. Taubel Co. " " " " 8,000
Florence Thread Co. " " " " 15,000

The Mount Holy Canning Company, which has heretofore escaped taxation altogether, was assessed for \$8,000.

NOTICE

To Whom It May Concern:

Take notice that on twentieth day of March, 1920, at the hour of 12:30 o'clock in the afternoon on the said day, I will sell at public auction one

Cylinder Automobile No. 100, at my factory on 7th street above Main street, Riverton, N. J. Seized as the property of James D. Williamson, under and by virtue of an act entitled "Act for the better protection of Garage keepers and Automobile repairmen," P. L. 1915, page 556.

Dated March 1st, 1920.

CHARLES T. WOOLSTON.

GROWN IN NEW JERSEY

Under soil and climate advantage, these "Riverton" plants are the most satisfactory kind. Give a good crop of fruit, and are easy to grow and care for. Fully described in my descriptive catalogue. Write for it.

T. B. STEELE
Fomon Nurseries, Palmyra, N. J.

Inca Stonework.

That which is claimed to be the finest stonework in the world is to be seen in the ruins of Inca palaces in Cuzco, Peru. Not even a needle can be inserted between the great blocks. The microscope shows that these stones were wrought with tools of copper, an alloy of copper and tin.

Many Accidental Drownings.

Accidental drowning caused 5,590 deaths, or 7.4 per 100,000, in this country last year. This rate is considerably less than that for any preceding year since 1910, and is also decidedly below the average for the decade 1901-1910.

Earth Still Growing.

In the early days of its history the earth grew rapidly by the addition of meteoric matter. It is still growing in the same manner, though scarcely to an appreciable extent, for the mass of meteoric matter added yearly is reckoned to be only 20,000 tons.

"Hail, Columbia!"

"Hail, Columbia," was written by Joseph Hopkinson, April 20, 1795, when the United States was threatened with a war with France. It was composed to the air of the "President's March," for a young actor and singer in the Philadelphia theater, and became at once highly popular.

INTERESTING NEWS BITS in and around Palmyra

FRIDAY, MARCH 12, 1920

Bu R at Home.

A. N. Stewart has purchased a new Ford Sedan.

The warm weather brings a redoubled building boom.

Mrs. H. M. Power, of Baltimore, visited friends in Palmyra, Wednesday.

Officer Frank R. Grubb underwent a serious operation at the Jefferson Hospital this week.

Raymond Simon is expected home from a three weeks business trip to Maine on Saturday.

The Junior Red Cross of the Palmyra schools has made a contribution of \$25 to the Visiting Nurse Fund.

The spelling contest of the Burlington county group, which will be held in Mount Holly Saturday afternoon, March 20.

Coach Terry of the High School, this week issued a call for base ball candidates and about thirty future stars have begun their workouts.

Post Rodgers will start a campaign next Monday, to be continued for a month, to raise \$2000 with which to furnish and equip the post rooms.

Charles Hawke, of the Aviation Service, was in town visiting his parents on Wednesday. He returned to camp at Long Island Wednesday evening.

Owing to the length of Cecil De Mille's "Male and Female," at the Broadway Palace Monday and Tuesday, the first show will start at 7 o'clock.

Schwartz's Quality Shop at 5 West Broad street, has moved to Riverside. It is understood that another store dealing in somewhat similar lines will be located there.

L. A. Page moved to his new home in Beverly on Tuesday. His house on New Jersey avenue will be occupied by his wife and husband, Mr. and Mrs. Dwight Craft.

The Knights of Pythias had a big house Thursday evening, Ladies Night, when the crack degree team of Paulboro was present to put on in public the first rank in dramatic form.

Mr. and Mrs. Edwin B. Day have issued invitations for the marriage of their daughter, Eleanor Bertha, to Robert Stanley Green, on Saturday, April 10, at 7:30 in Christ Church, Riverton.

In the assignments announced by the New Jersey Methodist Conference Monday, Rev. E. A. Robinson was returned to Palmyra. Rev. Marshall Owens went to the Broad Street Methodist Church, Burlington, and Rev. G. A. Palmer to the Union Street Church.

A daughter, Martha Edson, was born to Mr. and Mrs. George M. Durgin in Chicago Tuesday. The child, who was named Mary, weighs 12 lbs. and is 20 inches long.

Next Tuesday evening will be Father's Night at the meeting of the Parents' Association. Judge W. H. Wells will be the speaker. The Judge is a former State Senator from this county and is widely known as a most eloquent and interesting speaker and it is hoped that a large audience will be present to hear him.

There is a certain member of the Township committee, who when "jumped upon" by some complaining citizen, replies, "The Township Committee meets at the Fire House the third Tuesday evening of every month." The suspicious citizen should take their complaints to the whole committee when it is in session and ready to take action.

On account of ill health, William K. Hires, secretary of the Palmyra Building and Loan Association, has resigned. He has been given a year's leave of absence and Frank L. Durgin appointed to fill the position with W. R. Harman as assistant. There are two vacancies on the board of directors to be filled at the next meeting. With the opening of the 34th series of shares in a month, 1000 shares were sold at first meeting night. A big demand for loans is reported.

Y. W. C. A.

The regular meeting was cancelled for this week. Next Thursday evening the physical training class will meet in the Methodist Temple Gymnasium under the direction of Miss Anna Wallace.

Members of the Young Women's Christian Association wish to express their appreciation to those who contributed the candy that was sold at the motion picture benefit last week.—Adv.

DR. WILLIAM R. BUCHANAN

Dr. William Ralph Buchanan, a former Palmyra boy, died in Washington on Thursday of last week, following a recent operation. Last winter the doctor contracted influenza, and was sent to the hospital for treatment from which he never fully recovered.

Dr. Buchanan was educated at Mount Hermon and South Jersey Institute. He was a graduate from Hahnemann Medical College in 1902 and entered the Homoeopathic Hospital as an interne shortly afterwards.

In 1903 he started the practice of medicine in Washington, continuing until August, 1917, when he entered the army as first lieutenant. He served his term of service here at Camp Oglethorpe, and later at the base hospital, Camp Hancock, where he rose to the rank of major.

His widow, Mrs. Alice Lawrence Buchanan and a daughter, Alice, survive him.

"A REGULAR FLIRT"

The Palmyra High School is planning to revise the custom which was discontinued during the war, of sending the Senior Class to Washington, D. C., as an educational excursion, rounding out the last four years' study. This was always considered a valuable experience for the students as it was conducted under the personal supervision of some of the best teachers and also cemented the school ties before the individuals separated to go to various colleges or take up business careers.

The expenses for the trip must be met by the individuals or provided by some outside means. This year among their efforts to raise money, the Senior Class are preparing a play to be given Thursday evening, April 15, in P. O. B. of A. Hall, Palmyra, and to be repeated in Riverton. This play is to be given under the personal direction of George K. Clark, of Riverton, who is now teaching the cast. The play, "A Regular Flirt," is in three acts, and provides an exciting evening's entertainment. The situations, while very funny, are perfectly natural, and very timely. Some special bits of scenery are being made with all the skill of the whole will be given with a cast of 15 actors which has been characterized Mr. Clark's work.

F. C. PREPARING FOR BIG SEASON

A program full of varied activities was developed for the Spring and Summer at the meeting of the Field Club Board of Trustees at the home of President Frank L. Durgin Tuesday evening.

One of the immediate needs being money, a \$500 loan was floated among the board members at the meeting. Eight new membership applications were acted upon favorably.

While the club will devote most of its energies to athletics, the spring season is to be started off with social events, the first being an open meeting of the club on April 1. Later it is planned to give an entertainment at which the combined musical clubs of the University of Pennsylvania will be the feature.

The athletic committee reported extensive plans. The tennis courts are to be regravelled and a permanent caretaker obtained. A big tennis tournament is being outlined and players are advised to begin getting in condition early. Those who are not members are urged to get in quick.

Following the usual conditions which resulted from the war a grand base ball team is expected. The grandstand and diamond are to be put in good condition and reasonable prices for the games are assured. All candidates are asked to begin getting in condition at once. A congressional manager is to be elected and everybody will be given an equal opportunity to make what is expected to be a record season for the amateur teams of southern New Jersey.

Joseph Stack, who was elected base ball manager earlier in the year, has found it necessary to resign owing to his business plans. Leonard R. Baker has been chosen temporary manager pending the appointment of a permanent one.

BUSINESS MEN'S ASSOCIATION ORGANIZED

A representative group of business men of the town met in George N. Wimer's office last Monday evening and formed the Palmyra Business Men's Association.

Officers were elected as follows: George N. Wimer, president; John H. Etris, treasurer; and Frank Chambers, secretary.

Preliminary to the formation of the organization the meeting was thrown open to discussion as to whether such an organization should be formed and as to its aims and methods of procedure. Everybody present seemed in favor of the proposition and there were many suggestions as to movements that could be taken up, for the benefit of the business men themselves and of the town as a whole.

It was unanimously decided to proceed with the organization and after the election of officers the following committees were appointed:

Membership—R. C. Blitting, W. T. McAllister, John Etris, N. Hansen, Curtis Staveland and M. J. Quinn.

Meeting Place—J. Harry Williams, M. J. Quinn, Maurice Bertha, and the Constitution and By-Laws—George N. Wimer, M. J. Quinn, John E. H. Etris and J. Harry Williams.

Meetings are to be held every Tuesday night at a place to be selected. Next Tuesday's meeting will be held in Mr. Wimer's office.

Sixteen members were present at the first meeting and the membership committee will begin a drive at once to bring all other business men of the town into the organization.

Many suggestions for the promotion of co-operation between the business people and the public improvements have already been made and the line of procedure to be adopted will be decided upon at further meetings.

SAVED APIA FROM GERMANS

Interesting Now to Recall Commander Leary's Defiance of Overbearing Teuton Captain.

Persons who have said the United States has no case against Germany prior to the sinking of the Lusitania and events dating from 1914 perhaps are unacquainted with the trouble over the Samoan islands which occurred in the cities of American Samoa.

At that time, German missionaries, then German chancellor, to dominate the islands, had been frustrated and a German consul had been withdrawn after he had caused a crisis by raising a German flag over Apia, one of the island cities. Another consul, Herr Becker, acting on his government's instructions, again precipitated trouble by depositing the Samoan king and setting up a ruler favorable to German interests.

The climax came when the German corvette Adler prepared to shell Apia, the natives of which had become hostile to the Germans. Commander Richard Leary of the United States gunboat Adams had been in the vicinity of the islands expecting trouble. An account of what happened is a tribute to the courage of the American navy. It follows:

"At the appointed hour, the Adler steamed out with the German ensign flying at her peak. The Adams followed her closely at her heels. Soon the Adler slowed down and swung into position, so as to bring her broadside guns to bear on the helpless village. The Adams dashed in between the Adler and the shore, where she, too, swung about her guns at port and pointed directly at the Germans. Presently, Commander Leary in full uniform and accompanied by his staff, boarded the Adler. His colloquy with the German captain was short and sharp. 'If you fire,' he said, 'you must fire through the ship which I have the honor to command. I shall not be answerable for the consequences!' So saying, he took his leave.

"Captain Pritze could scarcely believe his ears. Such audacity had never yet confronted him. He knew that the first shot would be answered by an American broadside, and this would be the signal for a war between his country and the American republic. He faltered, and then, his heart swelling with humiliation, he steamed suddenly away."—Detroit News.

Carry Your Phone With You.

"By the time the peace treaty is signed, there will be talking across the Atlantic by wireless," says Godfrey J. Fyler, managing director of the Marconi Wireless Telegraph Company. "One day in the not far distant future," he adds, "I think we shall walk about with wireless telephones attached to our bodies and we shall be able, standing, say in Piccadilly circus, to call up a friend who is flying somewhere. Or we may have an invisible wireless telephone from a friend flying in France to John, who is at dinner in the evening. It will not be very long before one will be able to sit at one's desk in London and speak to New York practically instantaneously. In my view it will be as easy to speak to Sydney or Melbourne or to New Zealand."

SAVINGS SOCIETIES

BENEFIT ALL WORKERS

Reduce Labor Turnover and Stimulate Production.

How does the savings society benefit the employer? How does it benefit the employee? How does it benefit the United States? Employers have discovered that a savings society reduces the labor turnover, stimulates production and makes for better efficiency among the workers. The employees gain an honest appreciation of financial freedom and independence, insure themselves and their families for a rainy day, and tie themselves to a steady job. A savings society makes for American citizenship. A man who invests in the securities of a government takes greater interest in that government and is more ready to uphold it and its institutions. He becomes more closely attached to it, and if he is not a citizen, he will aim to become one. Excerpts of letters from business men prove these points.

"Now that the payments on Liberty Bonds are winding up, we look for even more severe among our employees in 1920 than in the past year. We have made a study of your Thrift plan and will push it through," writes L. J. Woodward, President of Fitzgibbon & Crisp, Inc., Trenton, N. J., to W. J. King, Chairman of Government Savings Societies, Third Federal Reserve District.

Regular group saving in industrial plants is good business and employers and employees are both benefited.

"The educational purpose of the Thrift plan as outlined in the 'Get the Habit' letters which we put out in the pay envelopes of our 300 employees, proved the stepping stone for weekly savings by means of Thrift and Savings Stamps. The savings averaged \$200.00 a week.

"We continue to keep up the interest by using the pay envelope 'Work and Save' inserts, etc., and believe that the results already attained justify the encouragement of the plan as good business from the employer's standpoint.

"Our experience has been that the majority of employees now desire to work harder so that they may earn more in order to save and invest in Government Stamps, where their money is safe and secure against loss or depreciation. All this helps greatly to increase production.

"The educational purpose of these societies into the various business places helps the workers to save regularly and more easily, tends to stabilize labor and makes for better citizenship. The following excerpts of a letter from H. S. Taylor, Secretary of the Savings Society of the New York Ship Building Corporation, is concrete evidence:

"In our Lumber Shop, the labor turnover was almost 100 per cent every two weeks. The War Savings Society secretary for that department, which, by the way, was made up entirely of colored people, paid little or no attention to them, because it was impossible to get anything in the line of stamp saving. His girl friend happened to be secretary of another department showing very good results. To compete with her, he insisted that all the colored men in his shop become savers. For a period of months there has been almost no change in the working force of his shop as a result of his efforts.

"Promotes Citizenship.

"In the plate and angle shop, a department of about 500 men, having many foreigners, a canvas was made to find out men desiring citizenship papers. Of all those who wished first papers, every one was saving money on Thrift and Savings Stamps. Another consul, Herr Becker, acting on his government's instructions, again precipitated trouble by depositing the Samoan king and setting up a ruler favorable to German interests.

The climax came when the German corvette Adler prepared to shell Apia, the natives of which had become hostile to the Germans. Commander Richard Leary of the United States gunboat Adams had been in the vicinity of the islands expecting trouble. An account of what happened is a tribute to the courage of the American navy. It follows:

"At the appointed hour, the Adler steamed out with the German ensign flying at her peak. The Adams followed her closely at her heels. Soon the Adler slowed down and swung into position, so as to bring her broadside guns to bear on the helpless village. The Adams dashed in between the Adler and the shore, where she, too, swung about her guns at port and pointed directly at the Germans. Presently, Commander Leary in full uniform and accompanied by his staff, boarded the Adler. His colloquy with the German captain was short and sharp. 'If you fire,' he said, 'you must fire through the ship which I have the honor to command. I shall not be answerable for the consequences!' So saying, he took his leave.

"Captain Pritze could scarcely believe his ears. Such audacity had never yet confronted him. He knew that the first shot would be answered by an American broadside, and this would be the signal for a war between his country and the American republic. He faltered, and then, his heart swelling with humiliation, he steamed suddenly away."—Detroit News.

Egg Production.

The average production of eggs by hens of all kinds and ages in the United States is 85. Unselected White Leghorns, however, produce an average of 130 eggs for the first year, 120 for the second, 110 for the third, 85 for the fourth, and fall off about ten a year up to the eighth. These figures are from a bulletin of the Utah experiment station. If the first year production be low the second will be high and vice versa, the total production for three years being about the same.

Kipling's Fame.

The vogue of Kipling today is not what it once was. Fewer and fewer readers with those descendants of Bar-dolph, Nym and Piatol, the Soldiers Three, his rough-hewn verse was largely topical and ephemeral. His latter-day songs, designated from his times. His stories have come and gone and await the judgment of time.—Legislative Courier-Journal.

AMONG THE CHURCHES

Calvary Presbyterian Church

Rev. N. F. Stahl, D. D., minister. 10:45 a. m., morning service. 7:15 p. m., Young People's Society of Christian Endeavor. 8:00 p. m., evening worship. Wednesday Prayer meeting at 8 p. m.

Christ Church

Sunday, March 14th. Services, 7:30, 8:30, 11 a. m. and 8 p. m. Holy Communion 7:30 and 9:30 a. m. Subject of sermon at 11 o'clock service, "Religion and Child Life."

9:30 a. m. Sunday School. 10:30 a. m. Praise. 7:15 p. m. Epworth League. 7:45 p. m. Praise. REV. GEORGE PALMER, Pastor.

FIVE POINTS

Rev. R. Reimer on Monday conferred with county officials at Mount Holy with reference to county statistics for the coming year.

The educational purpose of the Thrift plan as outlined in the 'Get the Habit' letters which we put out in the pay envelopes of our 300 employees, proved the stepping stone for weekly savings by means of Thrift and Savings Stamps. The savings averaged \$200.00 a week.

"We continue to keep up the interest by using the pay envelope 'Work and Save' inserts, etc., and believe that the results already attained justify the encouragement of the plan as good business from the employer's standpoint.

"Our experience has been that the majority of employees now desire to work harder so that they may earn more in order to save and invest in Government Stamps, where their money is safe and secure against loss or depreciation. All this helps greatly to increase production.

"The educational purpose of these societies into the various business places helps the workers to save regularly and more easily, tends to stabilize labor and makes for better citizenship. The following excerpts of a letter from H. S. Taylor, Secretary of the Savings Society of the New York Ship Building Corporation, is concrete evidence:

"In our Lumber Shop, the labor turnover was almost 100 per cent every two weeks. The War Savings Society secretary for that department, which, by the way, was made up entirely of colored people, paid little or no attention to them, because it was impossible to get anything in the line of stamp saving. His girl friend happened to be secretary of another department showing very good results. To compete with her, he insisted that all the colored men in his shop become savers. For a period of months there has been almost no change in the working force of his shop as a result of his efforts.

MADE GREAT AIRMAN WONDER

French Expert's Peculiar Explanation Concerning Daring Exploit of American Aviators.

Albert Wolff, the famous French naval commander, won fame in the field of aviation during the world war. He had an experience with American dash and fearlessness that is well told in the New York Times.

"At Blanc-Nez," says Wolff, "we were in close communication with the American commander. I'll send 24 American pilots over to get 'em.' I went to my superior officer. 'It can't be done,' I said. 'These planes are Salmons, a new machine, and quite different. They will all be smashed and the men killed!' It was too late to call a halt, however. The Americans came. I explained as well as I could the differences between the Salmons and the planes they were accustomed to, and away they went. All got away without mishap, and I said: 'The good God is with them.' But when they landed without a crash or a single accident to themselves or the planes, then I said: 'They must have the devil on their side into the bargain.' It really must see one of our football games!"

Slave Traffic Still Exists.

Slave traffic along the Arab coast is illegal under the terms of certain conventions, but slavery, nevertheless, is still in existence to a rather considerable extent. A few years ago members of the American Arabian mission at Bahrein rescued a whole boatload of black boys who had been smuggled from Africa to the Gulf States of the Oman coast. In the interior towns slaves are used mostly as personal servants, bodyguards and hostlers. By an old law in Arabia, a slave is freed after seven years of service, provided he has embraced the Moslem religion, and it is said that most of the slaves do so. There is no prejudice against marriage with blacks in Arabia, especially after they are freed. This intermarriage has scattered a black population all over Arabia. In ports like Muskat and Aden mulattoes and mixed breeds are so common that the pure Arab strain is almost a rarity.

Degree in Commerce.

Commercial education is to receive new impetus at the University of London, where degrees in commerce are to be inaugurated in the near future. There are to be two degrees; first, that of bachelor of commerce, which would correspond to the same degree in the other faculties; and, secondly, the degree of master of commerce. The salient idea of a modern language is to be taught, not as an academic, but as a practical subject, says the United States bureau of education. Among the languages which are to be taught as practical rather than academic subjects would be Polish, Czech, Rumanian, modern Greek, and the great eastern languages, Hindustani, Chinese and others.

Beyond His Control.

Robert had entertained his cousin for two or three days, but at the end of the third day, a discussion arose, and a hand to hand fight ensued. His mother, hearing the commotion, quickly rushed to the scene and admonished. "It isn't nice to fight, Robert," she said, "especially your own relation and guest," but her son in the heat of passion, replied: "I don't make any difference whether he is my 'latter or not, my dad feels just the same."

Let's Get Acquainted

"Get better acquainted with your neighbor—you might like him!" That's a pretty good motto for a community like ours, isn't it? Town folks should get better acquainted with country folks; the merchants and the bankers should get to know the farmers—and how they are farming. Speaking for this bank, we'd like to get acquainted personally with every farmer hereabouts—he might like us enough to deposit money with us; we might like him enough to lend him some. Anyway, we could swap ideas—and perhaps add his name to the rapidly growing list of subscribers for

The COUNTRY GENTLEMAN

Sometimes banks get acquainted with farmers by giving good advice, or urging good roads, or organizing calf clubs among the boys. That last was the way of one whose story is told in THE COUNTRY GENTLEMAN dated March 6. And we'd like to get acquainted with you through this Great National Farm Weekly itself. We know that THE COUNTRY GENTLEMAN helps farmers all over the United States to make more and more money. It would please us to see you making more money too, so we stand ready to send in your subscription if you just say the word. One dollar buys it for a whole year—52 big, friendly, helpful, weekly issues. Get acquainted with THE COUNTRY GENTLEMAN—you're sure to like it.

DAUGHTER OF AGINALDO IN U. S. CAPITAL

She Meets Many Wives of American Statesmen and Makes a Hit.

When General Emilio Aguinaldo was leading the Filipino army against the American forces twenty years ago he probably little dreamed that some day a daughter of his would visit the city of Washington and would be given a great reception at the famous Congressional Club! And that the wives of 120 members of the American Congress and two wives of members of the President's cabinet would call upon her to pay their respects!

But all this actually happened when Miss Carmen Aguinaldo, his nineteen-year-old daughter, visited Washington recently. And those wives of the American statesmen expressed themselves as both charmed and surprised at the refined, tactful, college educated young girl who greeted them.

"Miss Aguinaldo was simply delightful," was the expression of one congressman's wife. "She was very modest, yet she acted so natural and thoroughly at home that she captivated everybody."

On another occasion while in Washington Miss Aguinaldo was given a real ovation by a Filipino American audience when she recited "My Last Farewell," poem of Dr. Jose Rizal, the Filipino martyr.

Miss Aguinaldo is a student at the University of Illinois, Urbana, Ill. While in Washington she was the guest of Mrs. Jaime C. de Veyra, wife of one of the resident commissioners from the Philippines in the Capitol building and the Congressional library appealed particularly to the young Filipina, while the beautiful sights from the Washington monument thrilled her with delight. When asked how she liked America, she smiled and answered:

"It is a wonderful country. I didn't like winter at first, but since I have learned how to skate I am having fun times. All the Americans whom I have met have been very good to me. My friends in Urbana and my classmates in the university are just lovely, but I cannot help feeling homesick at times because I am missing my father. My coming here was indeed a great sacrifice for him, for we are very close. He is so good to me."

Miss Aguinaldo is intensely patriotic. She does not conceal her regretment when she hears or reads of a misrepresentation of the Philippines. "It is unfortunate," she once exclaimed in a voice full of sadness, "that my country and my people are hardly known, much less understood, by the people of America."

Politics is tabooed in any conversation with this Filipino maid. She evades the topic by replying that she is too young to express opinions on things political. "All I can say," she declares, "is that I share with my father in the desire for independence for my native land. There is no question about our being able to govern ourselves."

Filipinos declare Miss Aguinaldo has a "genuine Filipina temperament"—that is, she does not believe in the occidental custom of "dates" between young men and women. She does not see anything wrong in it, she says, but it is such a violent departure from the custom in the Philippines that she cannot adopt it.

"You might laugh at me," she said, "but I cannot get out with one single escort unchaperoned. I simply can't. I will go back to my country with the soul of a Filipina."

A newspaper in one of the large American cities that Miss Aguinaldo visited expressed the opinion that she would no doubt be greatly impressed by the sight of street cars and some of the fine residences she would see, but the truth is the young lady was raised in Manila, where she has an up-to-date street car system all her life.

She might laugh at me, she said, but I cannot get out with one single escort unchaperoned. I simply can't. I will go back to my country with the soul of a Filipina.

NEARING CULEBRA CUT.

One of Uncle Sam's battle-wagons going through the Panama Canal. This view was taken near Culebra Cut from a Navy seaplane.

How the Hoover Beats As It Cleans As It Sweeps

The picture above shows how suction draws the carpet against the wide orifice of the sweeper, and suspends it on an air cushion one-quarter inch from the floor.

As the spiral brush revolves it pushes against the carpet and forces it down, then as brush turns and pressure is released, the suction draws the carpet up again. In this way the carpet is shaken in a spiral, wave-like motion.

All embedded dirt is freed and carpet is beaten, swept and cleaned.
Baby Hoover \$49.87 cash, or \$52.50 on easy terms.
Hoover Special \$61.75 cash, or \$65.00 on easy terms.

Free Trial Sew E Z Motor
For one week you may try this motor free. It will operate your machine at any desired speed without any pedaling on your part. If you buy in March you will save \$2.00. March price \$16.50. Regular \$18.50.

Here's How to Save on A Gas Range or Water Heater
Three manufacturers of gas ranges have advanced their selling prices within a week.

But we can still offer reductions to you because we bought our present stock prior to the advances in prices. Our offer is made solely to get you to buy now. Later our offer will be withdrawn.

All of our domestic gas ranges, including enameled ranges and Lorain Oven Heat control ranges can be bought at a 5 per cent. reduction from regular prices. We have the real bargains in gas ranges, as well as the largest assortment of the best there is.

Prices quoted apply to the specific ranges and water heaters now in stock.

Thousands of people will buy water heaters this year. Those who buy now can save \$1.00 on a copper coil boiler water heater and \$5.00 on any Ruud, Pittsburgh or Kompak Automatic Storage Water Heater.

Buy Your Gas Range Now and Save Money

A particular woman, in choosing the attractive cabinet range, said: "It has everything I want." "Thirty years' experience have developed the many good features of the Eclipso Gas Range that have won the approval of good housekeepers.

The five top burners are so constructed that the flame maintains perfect combustion even when cooking utensils are placed close to top of burner. No gas is wasted.

The Amco Adding Machine

The first real, practical, low-priced Desk Figuring Machine that will answer the requirements of a big or little business. It is the biggest improvement in the handling of figures since the introduction of adding machines.

Easy to Operate
YOU depress the keys and the result appears instantly. NO HANDLE TO PULL, therefore unlimited speed. All problems in addition, subtraction, and multiplication performed directly. Anyone who can read figures can operate the AMCO at once. Simplicity of operation is the key note of the AMCO Desk Adding Machine.

Its Size
The AMCO is small in size and light in weight, and truly portable—weighing only 8 1/2 pounds. It can be placed on a man's ledger, taken from desk to desk, on a trip, or home wherever there is figuring to be done.

Durability
The AMCO is built very strongly. It is constructed of the most durable steel and tested to endure the hardest kind of use. Every machine is absolutely guaranteed for one year during which period all repairs and adjustments will be made, gladly, free of charge.

See the Machine at The New Era Office.

Ford THE UNIVERSAL CAR
Out of the more than 3,000,000 Ford cars now in use, about sixty percent have been sold to farmers. Probably no other one thing has brought to the farm so much of comfort and profit as has the Ford car. It has enlarged the social life, doubled the facilities for marketing, brought the town next door to the farm, multiplied for the farmer the pleasures of living. A family car without an equal in low cost of operation and maintenance. We solicit your order for one now because the demand is large and continually increasing.

STRAWBRIDGE & CLOTHIER

The Approach of Easter Brings Need of Smart Apparel for Women and Girls

Dresses, Suits, Coats, Millinery and every smart Accessory that women, misses and girls may need for the completion of the fashionable spring costume.

Choose the Easter Suit from These

At \$22.50 to \$40—Women have found that the most useful of smart models for all kinds of wear is an Outing Suit of worsted jersey. New models are charming, with jackets in newest effects. In heather mixtures—blue, green, brown or Oxford gray, also plain black.

At \$35 to \$75—We think such a distinctive array of Women's Serge Suits will be hard to duplicate. In navy blue or black, on trig tailored lines, or showing new features in bloused or belted effects. All are nicely lined, beautifully finished, many trimmed with braid and buttons.

Spring Fashions in Women's Dresses

At \$22.50 to \$80—Silk Dresses—tulle, figured crepe Georgette, crepe de chine, foulard-and-crepe Georgette, also tricolette. Every smart, becoming style included, graceful straight lines or distended-hip effects. With the loveliest of trimming features, little plaits and shirings, narrow ribbons and dainty laces. Of course, all the new shades.

At \$16.50 to \$135—The indispensable Cloth Dress of serge, tricolette or Poiret twill in navy blue or black. Tailored effects in wonderful variety or handsomely trimmed models, braided, beaded or embroidered. The newest conceits in line, in sleeve-length, unusual collar or vest effects and graceful girdles.

Easter Millinery Blooms Afresh

No matter how many Hats they buy, both women and girls will choose smart Sports Hats from this group—\$3.95 to \$15.00. Ready-to-wear Hats, in newest lines, shades and trimmings, \$3.50 to \$7.95. Hats, from our own workrooms, distinctive in every charming line—\$8.00, \$10.00 and \$12.00.

New Coats for Every Woman

First of all, Utility Coats, of black or blue poplin, as low as \$30.00. Other models, of serge, twills, velours, \$37.50 to \$75.00. Sports Coats, so diverse in style, variously belted—Tan Velour, \$22.50 to \$38.00; Camel's-hair, \$65.00 to \$100.00. Heather-mixed Jersey Coats, \$37.50 to \$45.00, and Cloaks—\$22.50 to \$55.00.

Smart Springtime Apparel for Misses and Girls

Misses' Worsted Jersey Suits, \$29.50 and \$35.00
Misses' Tweed Suits, \$45.00 to \$59.50
Misses' Tricolette Suits, \$59.50 to \$75.00
Misses' Smart Spring Coats, \$29.50 to \$75.00
Misses' Taffeta Silk Dresses, \$29.50 to \$75.00

Girls' Sheer White Cotton Dresses, \$5.00 to \$15.00
Girls' Fine Colored Wash Dresses, \$7.50 to \$21.50

LEGAL ADVERTISEMENTS

The New Era is a Legal Newspaper, Commissioners, Sheriff's and other Sales, Administrators and Executors Notices, as well as other Legal Advertisements are solicited. The New Era will appreciate being remembered in this connection.

NOTICE TO SUBSCRIBERS

If you do not receive The New Era with your other mail on Saturday, please ask the postmaster for it. If it is not there, ask for one of the extra copies which are sent to the post office to meet such emergencies. PUBLISHER.

Notice

All readers or local notices of entertainments, suppers, fairs, dances, etc., given for the purpose of raising money, or for which admission is charged, will be charged for at the rate of ten cents a line.

SEVENTEEN CENTS A DAY WILL SAVE A CHILD'S LIFE.

While on the whole the drive to raise money for the Near East Relief has not gone along with the swiftness and enthusiasm of the drives for all purposes during the war, still good work is being done, and some places have exceeded their quotas. Camden, for instance, with a quota of \$40,000, raised \$60,000. Princeton, Roselle, Hightstown, Verona and Salem have doubled their quotas. Little Stone Harbor, which was asked to give \$20, contributed \$128.

New Jersey's quota is \$300,000, of which \$400,000 has already been subscribed. But there is need for haste in the giving. He who gives quickly gives twice as much as he who gives slowly. Children are starving and death every day for the want of our tardy assistance.

It is true we have had many demands on our purses, and the continued soaring of prices will further tax our ingenuity to make both ends meet, but out of our comparative plenty we surely can spare a few dollars, and with speed, the wall for help of the starving little ones who stretch out their hands piteously to us, the greatest and richest nation on earth, as their greatest, their almost only hope. And they ask so little! Give do lars a month will feed a child. Ten dollars will provide food and shelter, and fifteen dollars will give food, shelter and school.

Shall we withhold the little that stands between these babes and death? It has been suggested that those who have had little ones pass on to the brighter sphere where hunger and want are unknown, might like to provide for one of these little sufferers in the place of their own dear departed. Surely this would be a most fitting memorial, and one that will give the greatest pleasure to the little one in the spirit world.

In Riverton the drive, which will be conducted next week, is under the direction of Mrs. O. J. Seitz for the women's committee.

In Palmyra the drive will be conducted by Mrs. Joseph W. Richards. In Cinnaminson township contributions may be sent to Mrs. Joseph L. Thomas.

Cinnaminson Home and School

The March meeting of the Cinnaminson Home and School Association will be held Wednesday afternoon in the school house.

Following the regular business session the pupils of the second and third grades gave a short sketch entitled "The Spinners," and the fifth and sixth grades gave a folk dance.

The eighth grade girls again showed their ability in the cooking line by preparing and serving delicious tea, and cake and candies formed as potatoes in honor of St. Patrick.

Water Company to Extend Pipes

The Riverton and Palmyra Water Company is planning an extension of its mains from a point in East Riverton near the ice plant to Dreeser's Riverview Nurseries, a distance of about 3000 feet. The cost of this improvement will be about \$11,000, and work will be started as soon as the frost is out of the ground. The pipe is already laid by the roadside along the line. The work will be done under the direction of Superintendent William H. Buck. A trench machine will be used to dig the ditch for the pipes. This extension will supply the nurseries and all the properties along the line.

Murray C. Boyer left yesterday for a two weeks' trip to Orlando, Fla., by boat.

At a meeting of the Board of Freeholders last week the Cinnaminson National Bank of Riverton, was included in the banks to be used by the collector in depositing the county funds.

Tax Rates Higher

Increases in tax rates have been pretty general throughout the county, in addition to a four and three-quarter million dollar bond in valuation. Riverton's rate this year is \$2.89 as against \$2.58 last year. Palmyra has a rate of \$3.43, against \$3.06, and Cinnaminson township has been raised from \$2.40 to \$2.64.

The increases in most places have been due to additional taxes required for the conduct of the schools. The county, State road and State school rates are eleven and eight-tenths cents lower than last year.

The County Board of Taxation will sit at the Fire House, Palmyra, on Tuesday, May 25, from 9 a. m. till noon to hear complaints from Cinnaminson Township, Riverton Borough and Palmyra Township.

With Books Near Brooks. Even lovers with sunny looks are apt to select shady nooks—Cartoons Magazine.

WEEKLY NEWS BUDGET for Riverton and Vicinity

Buy It At Home.

Emory Barton has moved from Fulton street to Delair.

Mrs. S. L. Warren spent the weekend with friends in New York.

Charles Crosta returned on Monday from Miami, Fla., where he spent a month.

Mrs. C. C. Miller and Miss Helen Lippincott spent Thursday in Atlantic City.

Mrs. Herbert Clark has been entertaining Mrs. Spargo, of Philadelphia, this week.

Mrs. Harry Poole, of West Philadelphia, spent the weekend with Mrs. John Sloan.

John Ford has purchased the Joseph Kelly property at Linden avenue and Harrison street.

Mr. and Mrs. Howard Armstrong, of Wilmington, have been visiting his mother this week.

Mr. and Mrs. H. P. Hammelman are receiving congratulations on the birth of a daughter Thursday, March 18.

R. W. Rogers returned from Florida the first of the week. Mrs. Rogers and children will not return until later.

Mrs. George H. Atkinson, of Moorestown, has bought Coles' hotel, at that place, and will open the hotel about April 1st.

C. B. Durborow has purchased the Mrs. H. B. Hall property, 100 Main street, through Real Estate Agent Gooding.

Joseph Reeh has sold his barber shop to a party by the name of Smith from Riverside, who will take charge next Monday.

Dr. Jesse W. Tart spoke to a large and interested meeting of the Parents' Association last night. Extracts from her address will be published next week.

While on her way to visit a friend Wednesday night, Vincent Scholtes was run into by a boy on a bicycle and knocked down. She was bruised about the face and badly shaken up.

Dr. Leon Zelenka, of a quite prominent Czech-Slavic leader, will speak at the Czech-Slavic situation at the Study Circle at Miss Helen Lippincott's residence, Sunday, March 21, at 7:30 o'clock.

Jack, the little son of Councilman John J. Quinn, was badly scalded last Saturday afternoon by falling into a bucket of scalding water that was left in the basement by the heating system.

Captain Mogess and another soldier are in Riverton for two weeks for the purpose of recruiting enlistments for the army. It is understood that the War Department is sending a recruiting agent to every town in the United States having a thousand inhabitants or more.

Mr. and Mrs. G. Percival Thomas, of 63 Riverside avenue, Red Bank, N. J., formerly of Riverton, announce the engagement of their daughter, Mildred, to Mr. Oliver William Holton, of Middletown, N. J., formerly of Catawissa, Pa. The marriage will take place early in the autumn.

Dr. and Mrs. Harry P. Wyman, formerly of Riverton, but now residing in Atlantic City, announce the marriage of their daughter, Gladys, to Howard Bushnell, son of Mrs. Emaline Bushnell, of Philadelphia, at 12 o'clock on Saturday, March 13, in the Church of the Ascension, Atlantic City, N. J.

When Collector E. L. Williams submitted his report to the Cinnaminson Township Committee it was found that out of nearly \$29,000 in taxes had been collected but \$13,200. This is a showing of efficiency in tax collection which will be envied by many municipalities whose delinquent taxes run up into the thousands.

Legislation designed to give the summer purchasers of coal a reduction of 30 per cent. below winter prices and to keep mines and coal cars busy throughout the summer was proposed in the Senate Wednesday by Senator Joseph Frelinghuysen, N. J., chairman of the special coal subcommittee of the committee on interstate commerce.

Under the direction of Mrs. Frank A. Bell, organist, the enlarged choir of the Church of the Holy Trinity will give a cantata, "The Story of the Cross," by Dudley Buck, Thursday evening, April 1, at 8 o'clock in the church.

At a meeting of the committee on the following soloists, Mrs. J. W. Urban, of Palmyra, and Mrs. S. W. Collin, Geo. Becker and Augustus L. Wilson, of Riverton. A silver offering will be taken. Adv. 2t.

John M. Hughes gave a very enjoyable St. Patrick's Day party Wednesday evening in Collins' Hall. There were about thirty couples in attendance. In the elimination dance the prizes were won by Walter Armstrong and Miss Catherine Burns, of Briggsboro. Several features were introduced during the evening and the favors consisted of various styles of green paper hats for the ladies, and green and bannisters for the gentlemen. The hall was tastefully decorated with green crepe paper in canopy effect with green bannisters dotted here and there. The music was furnished by the Harris orchestra.

Ex-Mayor Edward H. Flagg, chairman of the citizens' committee appointed by Mayor Bennett to determine what sort of a memorial shall be erected for the service men, has called a meeting for next Monday night at the Country Club to hear reports of three sub-committees which he appointed—one on a memorial municipal building, one on a monument, and one on the athletic field proposition. Mr. Flagg favors the municipal building, with gymnasium facilities, clubroom and headquarters for the James Bradley Post, American Legion. The large auditorium and dance hall would be utilized for housing the fire apparatus.

Miss Leah Harris was the hostess at a very enjoyable pinocle party at the home of Mrs. James D. Sprout on Monday evening. The house was prettily decorated in keeping with St. Patrick's Day. The favors were of green and yellow. Delightful refreshments were served in the dining room, which was a bower of green. The ladies' first prize in pinocle was won by Miss Iona Ward, and Mr. Hill Smith won the gentlemen's first prize. The consolation prize went to Miss Edith Fox. Among those present were Mr. and Mrs. H. Smith, Mr. and Mrs. James D. Sprout, Kenneth Thomson, and the Misses Alice Eassey, Jean Pfeiffer, Iona Ward, Edith Fox, Margaret Cunningham, Elsie Evans and Leah Harris.

What's Art to This Senator? Art received a terrible walloping at the national capitol when a senator decided he wanted a private door into his office so that folks could not break in on him unannounced. Summoning workmen, he caused to be torn out some of the finest art work on the walls of the senate side and then had a door installed.

"THE FIFTH DAY"

Interesting Scientific Talk at the Mt. Shaw's Science and Bible Agrees When Properly Understood

One of the most remarkable evenings of the series at the Community Club was experienced by those who attended last Tuesday, when the description of the development of the fifth grade Cosmogony Day was given, covering that part described in a part of the first chapter of Genesis.

H. B. Moyer introduced the subject and George K. Clark reviewed the talk of last week, then introduced his son, Don Clark, who talked on the scientific reading of the "Book of Nature," and the proofs of the truth of the Bible narrative. Mr. Clark, Junior, proved that the subject was a familiar one to him and that he had studied the matter deeply, and furthermore was able to impart the information in a way that anyone could understand. He showed how the scientists worked, where they found the original manuscripts and exhibited original bits in a way that anyone could understand. He showed how the scientists worked, where they found the original manuscripts and exhibited original bits in a way that anyone could understand.

Porch Club

Under the title of "Clippings" the members and officers of the Porch Club enjoyed an interesting afternoon arranged by Mrs. C. H. Roll on Tuesday.

Information on art, literature, fashion, modern science, Sir Oliver Lodge and good reads were gleaned from many clippings by different members, and added to by Mrs. Roll's clever clippings.

One of the charter members of the Porch Club told of its origin, growth and the progress made since 1889.

Mrs. A. Wilson sang two soprano solos and the Riverton Choral accompanied by Mrs. Frank Bell added greatly to a very pleasant afternoon.

Tuesday, March 23, 2 p. m. Executive Board meeting. Three p. m. an afternoon of "Old Fashioned Ballads in Costume," by Mrs. Samuel W. Collin.

Hot Shot for Gov. Edwards. Mrs. Mary Harris Armour, addressing a meeting at Delair Monday night, said, among other things: "I'm glad to find in my tour of South Jersey that Governor Edwards does not represent the sentiment of this State when he leads himself to the liquor interests. I have heard the Governor described as a human phonograph that played whenever agents of the liquor interests put on a record. He has taken to playing the old time about 'personal liberty,' which is the passion behind all Bolsheviki."

Former Secretary of Interior is Chairman, 1920 Committee. Franklin K. Lane, who recently resigned as Secretary of the Interior Department, has accepted the chairmanship of the national committee in charge of the Salvation Army's home service appeal for 1920. This is Mr. Lane's first big civic work after serving his cabinet connections.

A letter to Commander Evangelino Booth, Mr. Lane declared that sympathy for the suffering people of other lands must not cause America to neglect her own poor and unfortunate classes.

How to Fight the H. C. of L. The Joint Thrift Conference of the Savings Division of the Third Federal Reserve District and the nine southern counties of the New Jersey Federation of Women's Clubs was held at Atlantic City on March 15. Mrs. Reuben F. Corry, vice chairman, presided.

Mr. Lloyd, in his greeting, expressed pleasure at the response of the women and asked that they exchange ideas on the whole subject, that the government might benefit by an constructive criticism in such a discussion.

Mrs. Henry D. Jump, vice director, counseled the women to spend wisely each dollar, to give up the luxuries and buy only the necessities so that the country might get back to production and become normal again.

Mrs. Corry added that in 1915 it had been ascertained that 98 per cent. of the working people in the country spent every cent of their earnings in twenty pay days.

An exposition of the Budget and Household Accounts followed, by Mrs. Robert Holston, of Fort Washington. Mrs. Holston expressed the opinion that in the keeping of a record it is so difficult to get the women to keep down an honest record of all the items, and it is only by so doing that the leak in the resources of the family may be located.

It was announced that Washington would provide monthly budget forms to women who desired to keep a record, but again it was brought out that the management must be personal.

Miss Jessica Donnelly, secretary of the Fair Price Commission, of Philadelphia, asked that women give their assistance, to Washington in working out its various plans and explained the title of her address "Practical Plan to Force Down High Prices."

Donnelly asserted that people do not exercise judgment and planfulness in spending.

The knowledge of textiles and of proper substitutes thereof should be taught to every child in school because their is a pitiful ignorance about the general public's view of such matters. In answer to a query from the audience as to the remedy, Miss Donnelly explained that concerted action was necessary and that one woman can do nothing but spread the gospel to other women. Another woman in the audience introduced the making of menus and thereby avoiding the danger of buying other commodities than those planned for.

The meeting adjourned to the basement of the church for a delicious luncheon, served by the women of the church. One hundred guests were served.

Reuben F. Corry spoke on the Cause and Remedy of High Living Costs. The remedy, Mr. Corry said, lies in production and distribution in competition with the market. He asked that the women set the fashion of making over some dress or costume which they had put away, and so save further money. Women can do nothing but spread the gospel to other women. Another woman in the audience introduced the making of menus and thereby avoiding the danger of buying other commodities than those planned for.

IMPEACHMENT IS NOT SUSTAINED

New Jersey House Considers Labor Demand Against Vice Chancellor Foster.

THE NEW VACCINATION LAW.

Newark at Hearing Describe Housing Conditions and Demand Remedy—Mayor Gillen and George L. Record Among Speakers.

Trenton.—The proposed impeachment of Vice Chancellor Foster of Monmouth county was suddenly checked in the house when the Republican majority, in a hastily called caucus, decided to have nothing to do with the proceeding. Vice chancellors are not constitutional officers and hence not within the jurisdiction of the legislature. The constitutional officer of that sort is the chancellor, to whom the vice chancellors are responsible for all their acts.

A decision by Vice Chancellor Foster in the issuance of an injunction restraining several trade unions of Hudson county from proceeding with a strike affecting 15 lumber and building material firms in a dispute over wages and the eight-hour day, was resented by the labor union men as the most drastic they had encountered. As a result officers of the State Federation of Labor decided to move the impeachment proceedings. A resolution was prepared and President Quinn asked Assemblyman Guthrie of Mercer to offer it in the house. It took but a few minutes for the Republicans to decide that the proposal was too perilous. The Democrats, who had learned of what was in the air, also went into caucus and decided to fight to the last ditch if the move was attempted.

Taxation Boards a Football. Assemblyman Young of Morris was unable to get through the house his bill adding a fourth member to the county boards of taxation, giving two members to each party. As at present constituted, these boards are overturned every time the political complexion of the governor's office changes. They are now under Republican control, with two members of that party and one Democrat on each board. This year a Democratic governor has the appointment of one member, and some Republicans are anxious to elect him. Young's bill received but 14 votes.

The fight of Senator Hagaman of Ocean county against Assemblyman Tattersall's bill to raise the hunting and fishing license fee from \$1 to \$1.50 resulted in the bill being defeated and after a long debate it was laid over.

Proposed modification of the compulsory vaccination law is carried in a bill by Assemblyman Devoe of Middlesex, passed by the house. It provides that such vaccination shall be enforced by boards of education only in cases of epidemic in the community. Several of those who favored the bill contended that the present law is too drastic and violently opposed by general public sentiment. The bill passed with two votes to spare.

The house passed Assemblyman Lyons' bill creating the new job of market commissioner, empowered to investigate and, in due measure, control food prices. Democratic Leader Barrett opposed the measure on the ground that it would involve an unnecessary expense, but Mr. Lyons carried 52 votes for his measure.

The house also passed the house humped Assemblyman Devoe's bill requiring two more years of school for children to obtain work certificates. The law now provides that the fifth grade in such cases, but the bill would make it the seventh grade. Mr. Devoe claimed that it is intended to prevent the removal of children of tender years from educational advantages. Leader Barrett and Mr. Rowland vigorously attacked the bill upon the general ground that it would not accomplish the purpose.

Senator Barber's bill providing for a pay bonus to state employees in lieu of salary increases for the last two years was passed by the house without a dissenting vote, and now goes to the governor. The bill will carry an appropriation of \$400,000 to be distributed under the direction of the Civil Service Commission.

The house also passed Senator Mackay's bill increasing the salaries of members of small boards of county freeholders. The senate put through a large number of bills, including one by Assemblyman Wallerth, giving credit for continuity of service for National Guardsmen who also served during the war. The house passed Senator Allen's bill codifying the game laws and making the code season for hunting wild fowl conform with the federal law.

Tenants Near Revolt. Following the big response of the public at the hearing in their demands for some measures to curb rent profiteering and to stimulate building, the Assembly will give much of its time to these important matters. All those who appeared at the hearing before the Committee on Taxation of the Assembly expressed approval of the bills introduced at the behest of Commissioner James P. Gannon of Jersey City to relieve the housing situation and to curb the greedy landlord.

The measures are known as House 390 and 200, and were introduced by Assemblyman Hansen of Jersey City. The former seeks to exempt from taxation for two years new dwellings, so that building would be encouraged, houses be more plentiful and rents reasonable. The latter would require a landlord to give three months' notice before eviction and prohibit the dispossession of tenants between the months of October and May.

Question Constitutionality. "The constitutionality of the measures was questioned by Assemblyman Tozer, of Bergen, and Assemblyman Williams George, of Hudson. But a no lesser legal light than George L. Record was present to ally their apprehensions on that score. He declared that if the exemption of bank stock from taxation, as upheld by the Supreme Court, was constitutional, then the exemption of buildings from taxation would also be valid.

Commissioner Gannon asserted that the housing condition was acute as the result of scarcity of houses. "We think the Legislature can help us," he said. He stated that eviction was and under any circumstances but

Certain-teed Week March 15-20

is a week devoted by dealers everywhere to the display of Certain-teed Products which contribute to the proper construction of new buildings and the improvement of old ones.

Certain-teed Products Improve New and Old Buildings.

CERTAIN-TEED Roofing will provide you with a weather-proof, spark-proof roof at a moderate cost.

Certain-teed Roofing, the highest quality prepared roofing, is guaranteed for five, ten, or fifteen years according to weight. It has never been known to wear out on the roof.

If you are putting up a new building or repairing an old one Certain-teed Roofing should have your careful consideration.

Certain-teed Paints and Varnishes are also of the highest quality. They are made by experts of nothing but the best materials.

Certain-teed Paints are sold on a fair price policy which means that each color is priced at its cost to produce, plus a fair profit. This policy means a real saving for you.

Certain-teed Dealers in your community have a stock of Certain-teed Roofing, Paints, and Varnishes. They will be glad to help you plan the work and select the proper Certain-teed Products.

Call upon a Certain-teed Dealer this week and get the benefit of this help and experience.

Certain-teed Products Corporation

Offices and Warehouses in Principal Cities.

JOSEPH T. EVANS Riverton, N. J. Coal, Lumber, Building Supplies Certain-teed Roofing

that it was especially so when families whose sons were in the service were made the victims.

Increase Population. George L. Record admitted that the passage of House 199 would favor of the single tax idea, but declared that it was necessary to relieve the present housing situation. He said that to exempt buildings from taxation for a few years would mean a wonderful development in building houses and that the additional homes would increase the population of the state between 75,000 and 100,000.

"Will not the exemption of new buildings from taxation be an injustice to the owners of houses already erected?" asked Assemblyman Young. "It might be an injustice in a few cases," Mr. Gannon replied, "but as a whole the great majority of people would benefit therefrom. If the program were carried out there would be such activity in building that within three or four years there would be added to the assessed value of property in the state between \$25,000,000 and \$50,000,000."

Mr. Gannon explained that those owners who built before the war had big advantages over those who seek to build now, and the exemption of new buildings from taxation would equalize conditions to an extent.

John T. Gregory, rent investigator of West New York, told of housing conditions in that town. He said that rents had been jacked up from 20 to 50 per cent in many cases. He presented 4,000 signatures of alleged victims of rent profiteering from that town. He said that the apartment houses were owned by foreigners in many cases and that these landlords cared nothing for the boys who went overseas for service and were as willing to gouge their families of exorbitant rents as any other.

Robert Wallace of the Jersey City Chamber of Commerce urged the passage of both bills sponsored by Commissioner Gannon.

Mrs. Augusta Gerke of Newark, the mother of a service man, told of her husband, who is not even a citizen of the United States, increasing the rent of her flat by 100 per cent in two months.

Unless the legislature takes immediate and effective steps to remedy existing and far-reaching urying, there will ensue a serious and far-reaching uprising. That was the opinion expressed by Mayor Charles P. Gillen of Newark.

Mayor Gillen called attention to the situation in Newark, where he had endeavored to find some form of relief, but discovered the laws such an obstacle as to practically block all efforts in that direction. "He declared that rents were jumped by as much as 125 per cent without cause or reason and that people were driven into frenzy by the quest for homes; that rents have been advanced to such unreasonable heights that in many instances poor families are unable to procure decent clothes or shoes for their children who must attend school."

State Expenses \$12,000,000. Expenditures aggregating \$12,000,000, it is understood, will be provided for in the annual appropriations bill to be introduced in the legislature this year. Fifty per cent of these expenditures will be devoted to maintaining state institutions. An increase of between \$50,000 and \$50,000 will be made in the annual appropriation for salaries for members of the judiciary. One of

the big items of the increase will be an appropriation of \$400,000 for bonuses for state employees.

It is the intention of the committee to have the bill ready for submission to the legislature at least one or two weeks before final adjournment is taken. This is contrary to the practice of former years, when the bill was placed on the desk of members of the legislature practically the last day of the session. Plans are under way to bring the legislature to an end during the week of April 4.

Requests amounting to \$15,320,010.45 were made to the Budget Commission by the various state departments and institutions this year. In the report of the Budget Commission to the legislature it was recommended this amount be reduced to \$10,223,703.92.

Edwards Won't Go West. Governor Edwards has about decided that he will not go to the San Francisco convention of the Democratic party in June next and unless his friends prevail upon him to alter his mind he will remain within the state of New Jersey throughout the summer.

In place of Governor Edwards, William B. Goutley of Paterson will probably be selected one of the Big Four.

REVISED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

By REV. F. FLETCHER, D. D.,
Teacher of English Bible in the Moody Bible Institute of Chicago.
Copyright, 1918, Western Newspaper Union

LESSON FOR MARCH 21

JOHN'S PICTURE OF WORSHIP IN HEAVEN.

LESSON TEXT—Rev. 19-21.
GOLDEN TEXT—Blessing, and glory, and wisdom, and thanksgiving, and honor, and power, and might be unto our God for ever and ever. Amen.—Rev. 7:12.

PRIMARY TOPIC—The Heavenly Home.

JUNIOR TOPIC—A Glimpse of Heaven.

INTERMEDIATE AND SENIOR TOPIC—Vision of the Glorious Future.

YOUNG PEOPLE AND ADULT TOPIC—Permanent Message of the Book of Revelation.

1. The worshippers (vv. 9-14).
2. Who they are (vv. 9, 11).
3. Redeemed men (v. 9). They are mainly Gentiles—"of all nations, and kindreds, and people, and tongues." They are those to whom the "gospel of the kingdom" has been preached by converted Israelites (Matt. 24:14). In the first part of chapter seven we saw God sealing his chosen ones from Israel. They were sealed with the seal of God in their foreheads, which signified the supernatural endowment of the Holy Spirit on the last days (Zec. 4:2-3). While this was partially fulfilled on the day of Pentecost, its larger realization is still future (Acts 2:15-21). This signifying is for the equipment of the Jews for their divinely ordained mission, namely, to preach the gospel of the Kingdom to the whole world. When God sends forth the 144,000 Jews with theunction of the Holy Spirit, the innumerable multitude from all nations will receive Christ, the slain Lamb, for their redemption.

(2) All the angels (v. 11). These angels include this description of praise offered by those redeemed men by whom they were redeemed.

4. They bear palm branches (v. 9). The significance of the palm is twofold. In the use that the Jews made of it at the Feast of Tabernacles, it was a time of great joy, because it represented the gathered harvest. The bearers of the palm branches will, therefore, be those who have been redeemed in the blood of the Lamb. The only way for a sinner to be made ready for heaven is through the blood of Christ.

5. They wear white robes (vv. 9, 14). Their white robes suggest their character. They have been made such in the blood of the Lamb. The only way for a sinner to be made ready for heaven is through the blood of Christ.

6. They stand before God's throne (v. 10). They are before God's throne in heaven and near the throne of God, Jesus Christ, who is the Lamb. The only way for a sinner to be made ready for heaven is through the blood of Christ.

7. They sing a new song (v. 10). This is a new song, not one of the old songs of the Jews, but a new song of praise to God for his redemption.

8. They sing a new song (v. 10). This is a new song, not one of the old songs of the Jews, but a new song of praise to God for his redemption.

2. Whence came these redeemed? (vv. 13, 14). They came out of the great tribulation (v. 14). After the capture of the Church (1 Thess. 4:13-15), a great day of suffering and trial shall come upon the world (II Thess. 2:7, 8). It is the time of sorrow when the anti-Christ shall hold sway; such days as were not before nor shall be after, in which if not shortened no flesh can be saved (Matt. 24:15, 21, 22; cf. Dan. 7:3; 9:23, 27).

3. What they say (vv. 10, 12). (1) Salvation to our God and the Lamb (v. 10). They ascribe their salvation to God through the sacrifice of the Lamb, Jesus Christ. (2) "Blessing." They acknowledge that all blessings come from him. (3) "Glory." They acknowledge him as the glorious one and the one to whom all glory should be given. (4) "Wisdom." He is infinitely wise and all wisdom comes from him. (5) "Thanksgiving," because salvation was provided by him. (6) "Honor." Their hearts went out to him in high esteem. (7) "Power and might." They recognized that all power inhered in him.

11. The Blessedness of the Worshipers (v. 13-17).
1. They are before God's throne (v. 10). They are in heaven and near the throne of God, Jesus Christ, who is the Lamb. The only way for a sinner to be made ready for heaven is through the blood of Christ.

2. They stand before God's throne (v. 10). They are in heaven and near the throne of God, Jesus Christ, who is the Lamb. The only way for a sinner to be made ready for heaven is through the blood of Christ.

3. They sing a new song (v. 10). This is a new song, not one of the old songs of the Jews, but a new song of praise to God for his redemption.

4. They sing a new song (v. 10). This is a new song, not one of the old songs of the Jews, but a new song of praise to God for his redemption.

5. They sing a new song (v. 10). This is a new song, not one of the old songs of the Jews, but a new song of praise to God for his redemption.

6. They sing a new song (v. 10). This is a new song, not one of the old songs of the Jews, but a new song of praise to God for his redemption.

7. They sing a new song (v. 10). This is a new song, not one of the old songs of the Jews, but a new song of praise to God for his redemption.

8. They sing a new song (v. 10). This is a new song, not one of the old songs of the Jews, but a new song of praise to God for his redemption.

9. They sing a new song (v. 10). This is a new song, not one of the old songs of the Jews, but a new song of praise to God for his redemption.

10. They sing a new song (v. 10). This is a new song, not one of the old songs of the Jews, but a new song of praise to God for his redemption.

11. They sing a new song (v. 10). This is a new song, not one of the old songs of the Jews, but a new song of praise to God for his redemption.

12. They sing a new song (v. 10). This is a new song, not one of the old songs of the Jews, but a new song of praise to God for his redemption.

13. They sing a new song (v. 10). This is a new song, not one of the old songs of the Jews, but a new song of praise to God for his redemption.

14. They sing a new song (v. 10). This is a new song, not one of the old songs of the Jews, but a new song of praise to God for his redemption.

15. They sing a new song (v. 10). This is a new song, not one of the old songs of the Jews, but a new song of praise to God for his redemption.

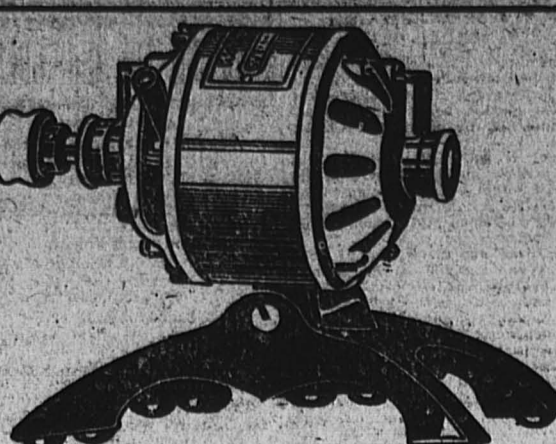

16. They sing a new song (v. 10). This is a new song, not one of the old songs of the Jews, but a new song of praise to God for his redemption.

17. They sing a new song (v. 10). This is a new song, not one of the old songs of the Jews, but a new song of praise to God for his redemption.

18. They sing a new song (v. 10). This is a new song, not one of the old songs of the Jews, but a new song of praise to God for his redemption.

19. They sing a new song (v. 10). This is a new song, not one of the old songs of the Jews, but a new song of praise to God for his redemption.

20. They sing a new song (v. 10). This is a new song, not one of the old songs of the Jews, but a new song of praise to God for his redemption.

Try This Motor on Your Machine—Free Buy in March and Save \$2.00

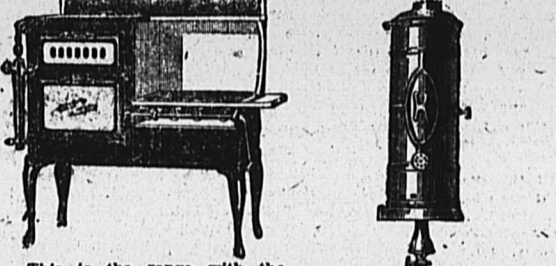

You can attach this motor to your own sewing machine. It will operate it for you without any peddling on your part. Sewing with the Sewer S. Z. Motor becomes a pleasure, and work is turned out with such rapidity and perfect stitching that the saving in time and money is only one advantage of this wonderful motor. Phone or write today for a trial of this motor. March price, \$16.00. Regular price, \$18.00.

MAZDA LAMPS
This is the lamp of distinct service. We will deliver to you the best lamps of the proper voltage. No trouble or inconvenience to you. Let us send you a carton of six for reserve.

We Have the Real Bargains in Gas Ranges

To convince yourself of this fact, call at any of our offices and see the prices we are asking for our domestic gas ranges. We offer you an opportunity to buy a range of the best type at a reduced price, in spite of the fact that the manufacturers' prices have recently been increased. We have the largest assortment of ranges we have ever had, so you will be able to find just the range to suit you. Nothing reserved; every range reduced, including the all-enameled and the Direct Action Lorain Oven Heat Regulator Ranges. We have also reduced every boiler water heater and automatic storage water heater. This offer is made solely to get you to buy now, so that we can make the installation before the spring rush sets in.

This is the range with the Lorain Oven Heat Control so widely advertised in the leading magazines. It cooks perfectly without need of watching. Heat is measured accurately so that each baking is as successful as your best. There is no guesswork about the heat of the oven. You place the whole meal in the oven cold set temperature wheel, and take the food out when cooked without continual "pot watching." Baking oven is 18 inches wide, 16 inches deep, and 12 inches high. Broiling and roasting oven is 18 inches wide, 18 inches deep and 7 1/2" floor space required is 53 inches. Present cash price of No. 310 E. Direct Action Range, installed with top burner lighter, enameled pans, burner handles, door panels and splashers is \$84.39, or \$88.93 on monthly payment. You save \$4.67 by ordering one now. It costs considerable to have a range connected these days. Buy your range of us and save the cost of connection, which is a big item in many installations. The No. 310 A. all-enameled Direct Action Range cash price is \$151.85 or \$159.84 on monthly payment. Order yours now and save \$8.00.

Take the Guesswork Out of Gardening

No matter how carefully you prepare the soil, despite your skill at sowing, and regardless of weather conditions you won't get the right results with the wrong seeds. "And the difference between the garden that produces the high cost of living and the garden that produces the low cost of living is in the seed. Bull's Head Seeds have produced quick and positive results for three generations of American gardeners. They are the result of over 92 years of scientific selection and development. Send Today for Our Free Garden Guide. Tells what, when, and how to plant for best results. Our prices, at no sacrifice of quality, show you the real economy over those listed last year. Made Right—Laid Right

Your shingle roof is a constant drain on your purse. Leaks are frequent and repairs always necessary. The Art Craft Roof material is absolutely guaranteed. It is fire resisting and far more beautiful than any shingled roof, and costs only one half as much.

Art Craft Roof

Red—Green

Do not tear off the old shingle roof. Have an Art Craft Roof applied right over the shingles. This gives you a dust-proof attic, a much warmer house in the winter and cooler in the summer. We will tell you the exact cost of an Art Craft Roof for your home or other buildings, including the necessary labor of application. Careful, conscientious workmanship. Ask for sample and estimate.

STRAWBRIDGE & CLOTHIER

Now a Woman's Smart New Easter Suit Is All-Important

It is important to have the correct Suit, the most becoming Suit, and to have it for Easter. That is the reason so many women are choosing their new spring Suits here—because Strawbridge & Clothier styles are latest, because stocks are so large and varied that there is no trouble in selecting in a short time, just the Suit that expresses best a woman's individuality.

Jersey Outing Suits, \$32.50 to \$45.00

Typical of the smart tailored styles of our famous Worsted Jersey Cloth Outing Suits is the model sketched at the left. Each shows some special feature in cut of collar, novel pockets, narrow belt, plaits or stitching. All distinctively new effects in plain black, or heather-mixed blue, green, brown or Oxford gray.

Smart Cloth Suits, \$35.00 to \$125.00

Such a collection of beautifully tailored Suits of navy blue or black serge or trowaline we think it will be hard to excel. Model after model, from trig, smoothly-fitting styles to handsome Suits, belted, braid-trimmed, or embroidered. All are nicely lined.

Easter Millinery

New Hats from New York, new copies and adaptations of Paris Hats, new imported shapes trimmed by expert milliners—a beautiful group—\$15.00 to \$50.00.

Women who know the distinction of our famous line of Hats at \$8.00, \$10.00 and \$12.00 will find a more remarkable collection than ever. Hats showing the latest fashion ideas in fabric, line and trimming—\$8.00, \$10.00 and \$12.00.

Tailor Hats, in lovely shades and smart effects, copies of higher-priced models are \$5.95 and \$8.95.

Strawbridge & Clothier—Second Floor, Market Street, West

Smart New Dresses

No doubt as to the reason women are choosing new Easter Dresses smart, diverse, but they show so charmingly those delightful trimming touches that fashion has decreed.

Silk Dresses are of taffeta, crepe Georgette, crepe de chine, tricolette, figured foulard-and-crepe Georgette combined. Every distinctively new model included, straight-line or bouffant in effect—\$22.50 to \$100.00.

Cloth Dresses are fashioned of serge, Poiret twill and trowaline in navy blue or black. Tailored in effect, or handsomely trimmed—\$16.50 to \$135.00.

Strawbridge & Clothier—Second Floor, Market Street

New Coats New Wraps

Coat, Cape, Cape-Coat or Wrap, whatever smart model one can want. Perhaps it's a Sports Coat a woman wants—style after style here in jaunty short lengths or longer, with the most fascinating diversity in cut of collar, pockets, plaits and novelty belts. Tan Velour Coats, \$22.50 to \$35.00; Camel's-hair, \$65.00 to \$100.00. Also Sports Coats of heather-mixed Jersey, \$30.00 to \$45.00, and of Checks, some trimmed in plain shades—\$22.50 to \$55.00. Utility Coats, chiefly in longer lengths, are fashioned of black or blue poplin, \$30.00; of serge, twills or velours—\$37.50 to \$75.00.

GOVERNOR FILES HIS FIRST VETO

Financial Status of State Doesn't Justify Spending \$100,000 for Waterway Dredge.

HEARINGS ON PENDING BILLS.

Oppose \$400 for Teachers—Bill Proposing Flat Increase Is Objected to by Newark and Rural Districts—Autoists Indignant.

Trenton.—Through the first exercise of his right of veto, Governor Edwards saved the state the expenditure of \$100,000. The governor sent to the senate his disapproval of Senate No. 64, introduced by Senator Charles D. White of Atlantic.

The bill provided for the appropriation of \$100,000 for the purchase of a dredge and equipment to be under the jurisdiction of the Board of Commerce and Navigation for use in constructing and improving waterways within the jurisdiction of the state.

The governor explained his veto by a note accompanying the bill back to the senate. The governor stated that the state's financial condition was not in such shape as would justify the expenditure of \$100,000 at this time for the purpose set forth in the bill.

Hearings on Pending Bills.

Deploable conditions, due to overcrowding and lack of adequate help in state institutions, were depicted in a bewildering array at a public hearing before the Joint Appropriation Committee of the legislature on the bill providing for a \$10,000,000 appropriation to care for the pressing needs. The measure was presented by request of the Board of Control of the Department of Institutions and Agencies as a 10-year program of permanent improvement being the institutions up to proper efficiency. The most glaring instance of inadequacy was presented by A. B. Leeds, a trustee of the State Hospital for the Insane, at Morris Plains. Here it is necessary to place cots in the corridors nightly and they are arranged in such close quarters that patients are obliged to climb over the ends to reach them. The cots are moved out daily and replaced at night. There is but one attendant to each 30 patients.

Dr. John A. Cotton, superintendent of the State Hospital for the Insane at Trenton, said this was the first time in history that the State has undertaken a comprehensive construction program for this needed work. Heretofore it was a case of each institution for itself and it was a game of grab.

Unhappy conditions at the village for epileptics at Shiloh were depicted by Joseph W. Larrabee, a trustee who told of the needs of that institution if patients are to be given proper care and treatment. Similar conditions as those at Morris Plains, though not so deplorable, were depicted at Pleas for all the other institutions were made and Dwight W. Morrow, commissioner of institutions and agencies, presented the whole big program as one of the most important and necessary items of the government in the state in the next decade. The program was strongly supported by Arthur Quinn, president of the State Federation of Labor, and Mrs. E. F. Felckert, president of the Equal Suffrage League.

Assemblyman Wallworth, a member of the committee, said he had visited about every institution in the state and became deeply impressed with their needs, but it struck him as rather odd that the state had not taken steps to care for orphans or friendless children.

Mrs. H. Otto Wittmann said this work is conducted by State Board of Children's Guardians and it could be greatly extended and should be under the program as outlined.

In opposition to the measure, Judge William W. Peterson, of Paterson, claimed that the whole program was based upon the fads and follies of a lot of enthusiasts with hobbies.

The committee did not say what it proposed to do with the bill. It is proposed to issue \$8,000,000 bonds for the soldiers' bonus bill and \$28,000,000 for the Hudson tunnel and Delaware bridge, all to have a referendum in the November election.

With the galleries and floors of the senate chamber crowded to overflowing, physicians of the new and old school, osteopathic practitioners and members of the state and local boards of health discussed the measure, regulating the practice of osteopathy, restrictive regulation pertaining to vaccination and other bills of a medical nature before the Senate Committee on Public Health.

Dr. F. W. Slack, dean of the Philadelphia School of Osteopathy, and Dr. E. W. Comstock of Boston, were the principal proponents of the measure.

The other bills upon which a hearing was given regulated the procedure of the State Board of Medical Examiners. One of the measures would authorize local boards of health to adopt resolutions requiring children attending school to be vaccinated during an epidemic of smallpox.

Oppose \$400 for Teachers.

The House Education Committee gave a hearing to the Warner measure to increase salaries of teachers \$400 a year, and to have this done by a state tax of one mill, one-half of the increases in salaries to be paid by the state and the other half by school districts. The measure was prepared by the State Board of Education, and Percy Stewart of that board spoke for it.

Opposition came from rural school districts, those who objected to a flat increase on the ground that this would leave the school teachers with salaries disproportionate to living cost so low down.

The state board defended the measure on the ground that it was for the benefit of school children to have properly instructed teachers who were paid for their services.

Assembly 121, amending act governing practice of pharmacy.

Assembly 120, Pilgrim, amending Orphan's Court act.

Assembly 119, amending act governing practice of pharmacy.

Assembly 118, Howland, providing for examination of banks and trust

We Mean It!

For about four months this bank has been urging the farmers hereabouts to read THE COUNTRY GENTLEMAN. We have done it because we believe in THE COUNTRY GENTLEMAN. This Great National Farm Weekly offers actual money-making helps to those farmers who read it regularly and follow its advice. Its subscribers have in the main become the most prosperous farmers in their counties the Nation over. And that is why we should like to see it in every farm home in our county. We mean it when we say: Read

The COUNTRY GENTLEMAN

In a recent investigation among farmers the question was asked: "What helps you most?" One-third answered: "My farm paper." They were able to put a dollars-and-cents value on the advice they read. THE COUNTRY GENTLEMAN is National—broad enough to cover the United States and give a National-wide viewpoint; and at the same time it is local enough to treat of methods and practices section by section. Subscribe for a year! It will cost you \$1.00 for 52 big weekly issues—and many a farmer has profited \$100.00 from hints in a single issue. If you say so we'll charge your account \$1.00 and see that your subscription begins at once. We mean it!

Surplus and Profits Capital \$22,000
ALEXANDER MARCY, JR. President
E. L. WILLIAMS Vice-President and Cashier

Gentlemen:
(1) Because you know me, enter my name for THE COUNTRY GENTLEMAN for one year and I will charge the cost, \$1.00, to me;
or
(2) Here's my dollar. I want THE COUNTRY GENTLEMAN. Please send it to me.

(My Name) _____
(My Address) _____
(City) _____ (State) _____

Myer, counsel for the Newark Board of Education, opposed the bill. Myer said the members of school boards who did not pay teachers properly ought to be sent to jail. General objection was made that the passage of the bill would mean raising \$3,000,000 to meet the proposed increase.

Will Sign Housing Bills.

Governor Edwards promised that he would sign assembly Nos. 100 and 200, sponsored by Commissioner of Revenue and Finance James F. Gannon, Jr., of Jersey City, if they pass the house and senate. One of these bills would require a notice of three months to a tenant before eviction and prevent eviction between October 1 and May 1, and the other would permit municipalities to exempt new dwellings from taxation for three years to encourage the building of homes.

Transfer Motor Department.

The Republican house members at a caucus decided to take up and pass the senate bill transferring the motor vehicle department from the office of the secretary of state to the comptroller.

Transfer Motor Department.

The House Ways and Means Committee gave a hearing to two McAteer bills, one raising fees for automobile license from \$1 to \$10 and the other making \$1 per horsepower the unit for fixing automobile licenses.

Autoists Oppose License Bill.

The House Education Committee gave a hearing to the Warner measure to increase salaries of teachers \$400 a year, and to have this done by a state tax of one mill, one-half of the increases in salaries to be paid by the state and the other half by school districts.

Assembly 121, amending act governing practice of pharmacy.

Assembly 120, Pilgrim, amending Orphan's Court act.

Assembly 119, amending act governing practice of pharmacy.

Assembly 118, Howland, providing for examination of banks and trust

companies incorporated under laws of New Jersey and which become members of Federal Reserve Bank. Bill was recommended by American Bankers' Association.

Assembly 141, Rowland, supplement to act governing trust companies.

Assembly 108, Pearson, exempting from taxation order shipped into the state by non-resident owners for the purpose of refining, and which are not the property of the smelting plants at which they are located.

Assembly 100, Rowland, authorizing state banks to discount, buy, sell and loan upon promissory notes and other evidence of debt to same extent and upon same restrictions as is now permitted to national banks.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

BY REV. F. B. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago. (Copyright, 1920, Western Newspaper Union)

LESSON FOR MARCH 28
REVIEW: THE LIFE WORK OF PETER AND JOHN.

SELECTION FOR READING—Rev. 2:1-2:2.

GOLDEN TEXT—Go ye therefore and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost; teaching them to observe all things whatsoever I have commanded you; and, lo, I am with you always, even unto the end of the world.—Matt. 28:19, 20.

ADDITIONAL MATERIAL—John 1:12-1:13; 1 Peter 1:1-1:21.

PRIMARY TOPIC—Two Stories About Peter (Acts 1:15-1:17).

JUNIOR TOPIC—Peter and John Witnessing Others to Christ (material of last quarter).

INTERMEDIATE AND SENIOR TOPIC—Peter and John Compared and Contrasted.

Anger injures the soul. Bad temper is like the scorpion which stings itself. Every fit of anger injures most the soul that indulges in it.

Lesson 9. Peter Shows the Resurrected Christ as the Head of the Church (1 Peter 2:15, 1:25).

Lesson 10. Christ is the Revealer of God's Love (1 John 4:7-21).

Lesson 11. Christ is Alive Because He is Walking in the Midst of the Church (Rev. 1:9-13).

Lesson 12. In heaven, the crucified, risen and glorified Christ will be the center of worship. All glory and honor are ascribed to him because of his marvelous work of redemption.

Lesson 13. Christ is the Revealer of God's Love (1 John 4:7-21).

Lesson 14. Christ is Alive Because He is Walking in the Midst of the Church (Rev. 1:9-13).

Lesson 15. In heaven, the crucified, risen and glorified Christ will be the center of worship. All glory and honor are ascribed to him because of his marvelous work of redemption.

Lesson 16. Christ is the Revealer of God's Love (1 John 4:7-21).

Lesson 17. Christ is Alive Because He is Walking in the Midst of the Church (Rev. 1:9-13).

Lesson 18. In heaven, the crucified, risen and glorified Christ will be the center of worship. All glory and honor are ascribed to him because of his marvelous work of redemption.

Lesson 19. Christ is the Revealer of God's Love (1 John 4:7-21).

Lesson 20. Christ is Alive Because He is Walking in the Midst of the Church (Rev. 1:9-13).

Lesson 21. In heaven, the crucified, risen and glorified Christ will be the center of worship. All glory and honor are ascribed to him because of his marvelous work of redemption.

Lesson 22. Christ is the Revealer of God's Love (1 John 4:7-21).

Lesson 23. Christ is Alive Because He is Walking in the Midst of the Church (Rev. 1:9-13).

Lesson 24. In heaven, the crucified, risen and glorified Christ will be the center of worship. All glory and honor are ascribed to him because of his marvelous work of redemption.

Lesson 25. Christ is the Revealer of God's Love (1 John 4:7-21).

Lesson 26. Christ is Alive Because He is Walking in the Midst of the Church (Rev. 1:9-13).

Lesson 27. In heaven, the crucified, risen and glorified Christ will be the center of worship. All glory and honor are ascribed to him because of his marvelous work of redemption.

Lesson 28. Christ is the Revealer of God's Love (1 John 4:7-21).

Lesson 29. Christ is Alive Because He is Walking in the Midst of the Church (Rev. 1:9-13).

To Get the Gas Range You Want, At a Saving, Order It Now

Increased costs and scarcity of materials are sending the prices of gas ranges above present levels. Notwithstanding this fact we will sell, up to April 1, any of our standard types of ranges at a figure 5 per cent. below the regular price.

This offer holds good for the balance of the month of March and is possible only because we made large purchases last fall, before the manufacturers' prices were raised.

Our stock includes ranges of many desirable styles, and shrewd shoppers are making their selections now. Don't wait until prices advance. Get the range you want before April 1.

Every domestic range 5 per cent. off; every boiler water heater, \$1.00 off; every automatic storage water heater, \$5.00 off from regular prices. We will send a representative if you cannot find time to visit our salesrooms.

A Fine Cabinet Range at the Cost of an Ordinary One

Thirty years' experience have developed the many good features of the Eclipse Gas Range that have won the approval of good housekeepers.

The five-top burners are so constructed that the flame maintains perfect combustion even when cooking utensils are placed close to top of burner. No gas is wasted.

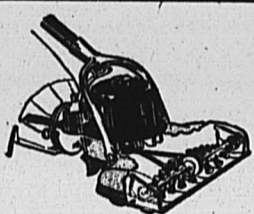

The ventilated oven is of the best construction and foods lose less in weight and retain a much greater degree of flavors than in most other ovens, due to the circulation of fresh hot air.

Baking oven is 16 inches wide, 18 inches deep and 12 inches high. The broiling and roasting oven is 16 inches wide, 18 inches deep and nine inches high.

Floor space required is only 46 inches.

This range is equipped with enameled pans, panels, splashers, burner box and burner handles.

Present price of the No. 477 Eclipse Range including installation and a top burner lighter is \$61.57 cash or \$64.84 on monthly payments. Regular price \$68.25. Save the extra cost of installation.

Do not send your rugs to the cleaners this spring. Let the Hoover do the heating, sweeping and cleaning. It will do it most effectively and saves you the trouble of taking up the rug.

Baby Hoover, \$52.50 on easy terms. Special Hoover, \$65.00 on easy terms. Five per cent. discount for cash.

YOU SAVE \$5.00 IF YOU BUY NOW

Any woman can save money by making her own clothes, and they can be made so easily with a Western Electric Sewing Machine, without backaches or tire-some pedaling. A press of the foot operates the machine at an desired speed.

No. 1 Vibrating Type Electric Sewing Machine, March price, \$49.00; regular \$54.00.

No. 2 Rotary Type Electric Sewing Machine, March price, \$67.00; regular \$72.00.

MAZDA LAMPS

Our cartons of six Mazda lamps of correct voltage, ready to deliver to your door, saves you all trouble and inconvenience in buying lamps. Be wise—phone us today for a carton.

FREE TRIAL SEW-E-Z MOTOR

Sew easily, quickly and in comfort for one week by using this motor on your own sewing machine, free.

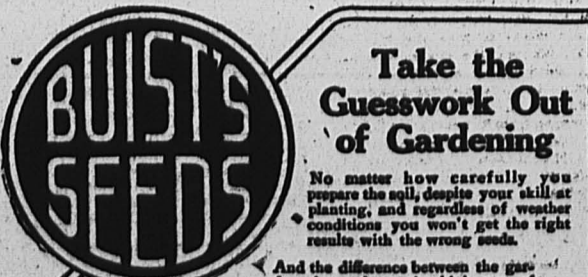

When you see the results of one week's using, you will surely want it for every week in the year.

No pedaling, and the Sew-E-Z Motor operates the machine at any desired speed. If you buy in March you will save \$2.00. March price, \$15.50; regular \$18.50.

Take the Guesswork Out of Gardening

No matter how carefully you prepare the soil, despite your skill in planting, and regardless of weather conditions you won't get the right results with the wrong seeds.

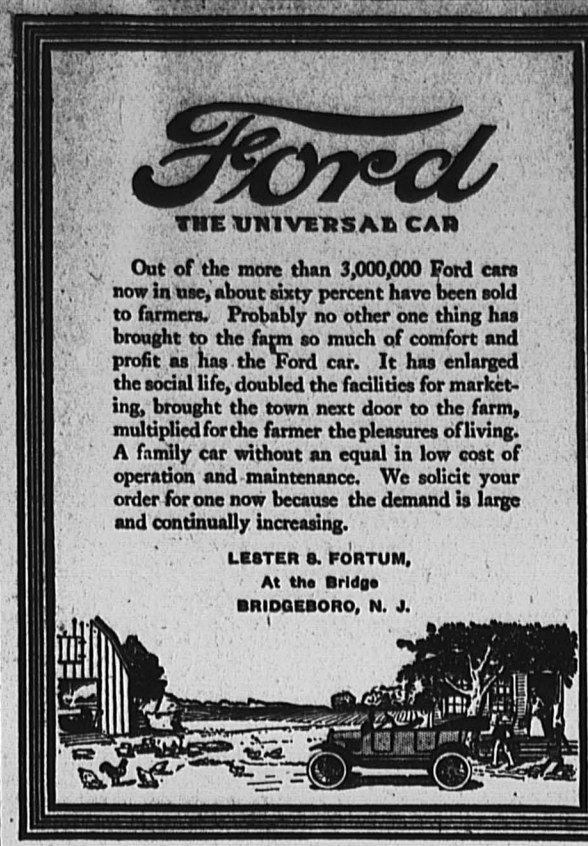

And the difference between the garden that reduces the high cost of living and the garden that is "just a garden" is principally the difference in the seed. Bust's Seeds have produced quick and positive results for three generations of American gardeners. They are the result of over 72 years of scientific selection and development.

Send Today for Our Free Garden Guide. Tells what, when, and how to plant for best results. Our prices at no sacrifice of quality, show world-wide recognition over these lines.

Headquarters for Eastern Garden Clubs are Robert Bust Company.

Ford THE UNIVERSAL CAR

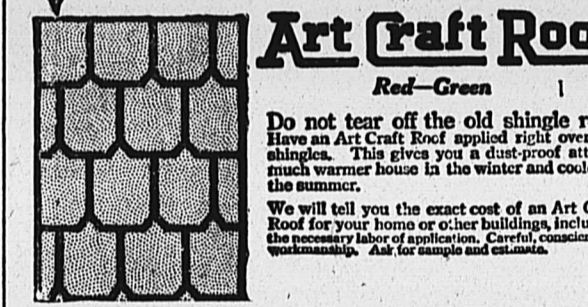

Out of the more than 3,000,000 Ford cars now in use, about sixty percent have been sold to farmers. Probably no other one thing has brought to the farm so much of comfort and profit as has the Ford car. It has enlarged the social life, doubled the facilities for marketing, brought the town next door to the farm, multiplied for the farmer the pleasures of living. A family car without an equal in low cost of operation and maintenance. We solicit your order for one now because the demand is large and continually increasing.

LESTER S. FORTUM, At the Bridge BRIDGEBORO, N. J.

Made Right—Laid Right

Your shingle roof is a constant drain on your purse. Leaks are frequent and repairs always necessary. The Art Craft Roof material is absolutely guaranteed. Is fire resisting and far more beautiful than any shingled roof, and costs only one half as much.

Art Craft Roof Red-Green

Do not tear off the old shingle roof. Have an Art Craft Roof applied right over the shingles. This gives you a dust-proof attic, a much warmer house in the winter and cooler in the summer.

We will tell you the exact cost of an Art Craft Roof for your home or other buildings, including the necessary labor of application. Careful, conscientious workmanship. Ask for samples and estimates.
